SENATE VOTES BILL ALLOWING FOOD SUBSIDIES

House-Approved Measure Extending Life of CCC Wins 34 to 33.

By The Associated Press

WASHINGTON, July 8—Bowing to threats of a veto, the senate reversed by a 34 to 33 vote today a legislative prohibition against the payment of food price subsidies.

On the vote, the senate instructed its conferees to adopt a modified version of a house-approved bill extending the life of the Commodity Credit Corp. for six months and enlarging its borrowing power from $2,650,000,000 to $3,000,000,000.

The action cleared the way for final approval of the modified house bill, which—unlike the senate version—contains no mention of subsidies, and thus permits continuance of the present meat-butter payments. The senate had voted to prohibit government payments to processors to cut the retail price of such foods as meat and butter.

Before the senate acted, Senator Maloney (D-Conn) told his colleagues that if they persisted in retaining the prohibition against roll back subsidies the bill would have "a certain veto" by President Roosevelt. The President previously vetoed a similar bill.

Senator George (D-Ga) commented he thought the congress is "traveling a long way from representative government," if a majority allowed a presidential veto to force it to acquiesce in subsidies against its will.

"The American people will certainly ask in 1944 who dictates the policies of this government," he said. "Are they dictated by the people through the votes of their representatives here or are they dictated by outside agencies?"

Barkley (D-Ky) told reporters a proposal to insert in the bill a policy declaration putting congress on record as opposed to subsidies to roll back food prices had been rejected unanimously by the conferees. He said house members had steadfastly refused to accept any part of the senate version, which would place a specific ban on such payments.

Legislators said adoption of the house bill would leave the administration's subsidy program in exactly the same situation as it now is, with subsidies being provided for meats and butter roll backs without specific congressional authority for such action.

A growing give-and-take attitude between house and senate battling over appropriations spread

(Turn to CONGRESS, Page 12)

ALLIES CONTINUE ATTACKS ON SICILY

By The Associated Press

ALLIED HEADQUARTERS IN NORTH AFRICA, July 8—The relentless allied air assault against Sicily and Sardinia went through its fifth consecutive day yesterday with heavy bombings of airfields and other military targets, it was announced officially today.

Enemy fighter opposition was reported to have been on a "reduced scale," but nevertheless allied fighters shot down 10 axis planes for a loss of five of their own.

Gerbini in eastern Sicily, scene of a frantic air battle between American Flying Fortresses and more than 100 enemy planes on Monday, was battered 19 more times yesterday by Fortresses, Mitchells and Marauders, and they did not encounter a single enemy aircraft.

American Warhawk fighters escorting RAF Baltimore bombers on a raid on Borizzo in western Sicily gained six of the day's 10 victories. They hovered over Borizzo airfield for almost an hour.

CIO Lays Plans for 1944 Political Campaigns

By The Associated Press

WASHINGTON, July 8 — The Congress of Industrial Organizations started planning its 1944 political program, setting up a committee to decide on policies and candidates for the presidential election.

Sidney Hillman, president of the Amalgamated Clothing Workers, was named chairman.

President Philip Murray said the committee "seeks the active cooperation of other labor organizations and other groups." Its decisions will be reported to the full CIO board at its September meeting.

The board also decided to hold the annual CIO convention in St. Louis the third week of November.

FIRST AIR MEDAL to go to an enlisted man is presented, above, to Master Sergt. Burton A. Davis of Mt. Morris, Ill., by Maj. Gen. Henry J. F. Miller, commander of the Eighth U. S. Army Air Force service command, in England. Davis helped in getting three Flying Fortresses back into the air after they had crash-landed in a wooded field.

NELSON CITES ARMS OUTPUT

WPB Head Declares North America Outproducing Axis Two to One.

By The Associated Press

TORONTO, July 8—The North American continent alone will outproduce the axis in munitions this year by nearly two to one, Chairman Donald M. Nelson of the U. S. war production board reported today to the Canadian people.

Before the year's end Canada and the United States will be producing a plane every 4 2/3 minutes around the clock, Nelson said in a speech prepared for the Canadian club, and already they have turned out enough small arms ammunition to fire 1,500 bullets at every soldier in the axis armies.

All the United Nations this year will make three times the axis output of arms, and next year four times, the United States production chief declared.

"These figures speak to the world in a big voice," Nelson said. "And if the Nazi and the Jap warlords are not completely insane, they will recognize that the voice of doom."

For the second time this week, Nelson spoke guardedly of impending vast military developments, to underscore a plea for renewed production effort "to defeat the enemy so crushingly that his spirit will be broken and the day of his unconditional surrender hastened."

"You will shortly see gigantic battles in which unheard-of quantities of war materials will be consumed," he said. "No one familiar with the situation dares to indulge in the luxury of concentration on personal problems. On the contrary, the times call for a cooperative war production effort on increased pace and magnitude, matching the military effort."

GIRAUD STUDIES NEW MARTINIQUE RULE

(Picture on Page 14)

By The Associated Press

WASHINGTON, July 8—Installation of a pro-allied administration in troubled Martinique was one of the prime subjects up for discussion today between Washington officials and Gen. Henri Honore Giraud, co-chairman of the French committee of national liberation.

(Demonstrations at Fort-De-France, Martinique, in which crowds of 15,000 persons demanded a break with Vichy and an alliance with the United States, were reported in a dispatch from Port of Spain, Trinidad, today. (The demonstrators, favoring the Fighting French leader General Charles De Gaulle, were reported to have taken possession of the streets of Fort-De-France for two days. Gendarmerie sent to disperse them, the dispatch said, left the demonstrators unmolested as they shouted "Vive De Gaulle" and sang the French anthem "Marseillaise.")

Giraud, the tall, brisk soldier who escaped from a German prison camp to command French North African forces in the fight against the axis, is in Washington as the government's guest, on a military mission. He arrived late yesterday.

3 Killed And War Plants Struck By Storms in Ohio

Hundreds of Families Rescued from Flood Waters in Many Sections of State.

By The Associated Press

Three persons were killed, several others injured and literally hundreds of families were evacuated from their homes last night as rain and high winds swept through Ohio, sharply curtailing war production and causing thousands of dollars in damages.

Traffic was halted for several hours in many cities in the central and northern parts of the state and two major war plants and several smaller industries were forced into idleness because of high waters or power loss.

List of Dead, Missing

The dead: Charles Palmer, 32-year-old civilian defense volunteer, killed when he touched a high tension power line blown down during a windstorm at Steubenville.

Elgy Gardner, 44, farmer at Pleasant Hill near Steubenville, electrocuted during a storm.

David Meese, 8, struck by lightning at Brightwood, near New Philadelphia.

Missing in the Steubenville area were Mrs. Charles McNeil, 36, and her 14-year-old daughter, and Andrew Thompson, 50. The three were believed to have perished when flood waters demolished their homes.

Fire Chief Edward Green reckoned damage in the Steubenville area would exceed $100,000. It was reported unofficially that approximately five inches of rain fell at Steubenville yesterday in a two-hour period.

The city's main water line from the Ohio river supply source was washed out by the torrent and a city service crew was making emergency repairs.

Flood waters halted production temporarily at the Wheeling Steel Corp.'s plant.

Lake Erie docks were damaged slightly in the Lakeside area after a northeast storm battered the Marblehead peninsula last night.

27,000 Idle in Akron

An estimated 27,000 war workers were idle in Akron when high waters caused power plant shutdowns at the Goodyear Aircraft Corp. and the Firestone Tire and Rubber Co. Goodyear officials, where 20,000 men and women were unable to work in the plant from midafternoon yesterday until early today, said 200,000 gallons of water flooded conduit tunnels from the powerhouse to plant buildings.

Partial production was resumed at Firestone last night, where 7,000 workers had been sent home because of power failure.

A. B. E. Goodrich Co. spokesman said "considerable production was lost" because of lack of power and because of water flooding some departments.

Eight persons were hospitalized with injuries from the rain and wind storm in Akron. Two of the victims were injured when a plane nosed over in landing on a flooded airport.

Evacuation of two Lakeside residential areas in Toledo was completed by Coast Guardsmen, as Lake Erie waters continued to pour through three breaks in levees. The Coast Guard reported early today, however, that the pounding of waves apparently was lessening, and expressed the belief the waters would begin to recede.

Coast Guard in Action

Coast Guardsmen from the Ohio river station at Steubenville also went into action when an inland section of the city was inundated by waters draining from three hills. Coast Guard boats were hauled to the scene by trucks and used to evacuate 300 families, who were cared for at civilian defense canteens established in churches.

Steubenville was without domestic or industrial water service for several hours following the storm, when Service Director Joseph Lopresto ordered a reservoir supply preserved for fire protection turned into the mains.

A Pennsylvania freight train was wrecked by a fallen tree over the tracks near Cross Creek, five miles west of Steubenville, blocking rail traffic.

The storm felled trees and wires in Columbus and flooded streets tied up nearly three dozen buses.

In Jefferson county a flash flood washed out a 25-foot bridge at Reed's Mill on U. S. Route 22, a strategic highway between Steubenville and Cambridge. The structure spanned a small creek normally dry. State highway officials said approaches to a nearby bridge, in use before Route 22 was relocated, would be filled in and traffic rerouted over it.

Washed out in two places, Route 151 between Route 7 and New Alexandria in Jefferson county has been closed to traffic. A number of minor landslides were reported on Route 7 in the same county, although the highway still is open.

State Health Director R. H. Markwith in Columbus reported that two 20-inch mains, carrying water from Wills Creek to the Steubenville municipal waterworks, were broken last night when a flood washed out a bridge.

Since Steubenville engineers

NAZIS REPORT FLEET MOVING

Berlin Says U. S. Warships Join Allied Force Leaving Port at Gibraltar.

By The Associated Press

LONDON, July 8—The Berlin radio reported today that battle units of the Mediterranean fleet, reinforced by recently arrived American cruisers and aircraft carriers, had left Gibraltar, leading "to the supposition that the American allied commander is preparing for an attack against Europe."

The broadcast, which was recorded by The Associated Press, declared that the allies, in addition to strong concentrations of warships and transports, have 44 infantry divisions and 15 to 20 tank formations poised between Morocco and Syria.

These forces were said to include parachute battalions and airborne troops whose task, the broadcast declared, "would be to create at first one or more bridgeheads."

"At first sight," the German radio said, "these figures would appear considerable, but at least half of the allied forces are regionally and locally tied down," in Algeria, Syria, Palestine, Egypt, Cyprus and elsewhere.

Other forces also are held down by a complicated supply system, while "it is an open secret that General Eisenhower's American divisions have still to be thoroughly overhauled as regards training, the broadcast said.

The available effective forces, therefore, it added, constitute only a fraction of the total allied troops stationed in the Mediterranean.

NURSES' AIDE CLASS GIVEN INSTRUCTIONS

Second Training Group Hears Two Speakers.

Instructions for the second class of nurses' aides were started last evening when the class met at the Smith Clinic. Mrs. Harold Ogden, instructor, gave a lecture and Mrs. Mary Taylor, City hospital superintendent, talked to the students about hospital ethics. Twenty-six students were present and two others who have registered were unable to attend.

The evening class sponsored by the Altrusa club was organized for business women who were unable to attend afternoon instructions. The aides will be given 35 hours at the clinic and 45 hours of actual training at the hospital before they are qualified to receive their caps and certificates. The students will receive their uniforms after they have completed the required hours at the clinic. Instructions will be given on Monday and Wednesday evenings from 7 to 10 p. m.

Applications for an afternoon class which will start in the near future are being accepted now by Mrs. J. A. Dodd.

War Summary

PACIFIC—American troops battle to within six miles of Jap airbase at Munda after two new landings on New Georgia island.

BERLIN—Nazi radio reports allied fleet, reinforced by U. S. warships, steams from Gibraltar.

RUSSIA—Nazis pour reserves into Russian battlefront as Soviet reports say 30,000 Germans killed, 649 planes destroyed and 1,539 tanks damaged.

NAZI RESERVES POURED INTO RUSSIAN FRONT

Reds Say 30,000 Germans Dead, 649 Planes Down, 1,539 Tanks Damaged.

By The Associated Press

MOSCOW, July 8—Fresh Nazi reserves were reported pushing through smoke and dust along paths marked by wrecked machines and the dead today to bolster the Kursk plains offensive which the Red army, fighting more brilliantly than ever before, has limited to small gains in the Belgorod sector.

Russian forces slew 30,000 Germans, destroyed or damaged 1,539 tanks and shot down 649 planes during the first three days of the battle, it was announced officially.

Nazi air force squadrons are attached constantly to the invasion armored columns under a new German plan of attack by which Hitler's high command hopes to pinch off the 60-mile deep Soviet salient extending westward from Kursk. The immediate assignment of the Germans obviously is to attempt to push north from Belgorod and south from Orel, 165 miles apart, to a junction somewhere behind the Russian-held rail city.

Greatest Tank Battle

(A Berlin military spokesman declared in a radio broadcast that tank battles yesterday in the area of Belgorod and south of Orel were "the greatest ever fought on the eastern front.")

The Russians declared flatly that Belgorod was the only area in which the Germans made any advances, and these were limited to regions where good roads and vast stretches of open fields handicapped the defense.

Near Belgorod, said a special communique issued this morning, the concentrated German strength has "succeeded in driving a wedge, to an insignificant distance, into our defenses," enveloping several villages at a cost of "tremendous losses."

(In a DNB broadcast a German propaganda agency, the International Information Bureau, asserted the Nazi forces had destroyed 400 Soviet tanks and knocked down 193 planes in the Belgorod and Orel sectors. The broadcast, recorded by The Associated Press, also said that deeply echeloned Russian positions had been broken.)

While the German losses in men and material were regarded here as the greatest single blow ever inflicted upon the German war machine, the Russians warned against undue optimism.

Nazis Not Underrated

"It would be wrong for us to under-estimate the strength of the German troops conducting the big offensive," said the communique. "German forces here are

Beef Shortage Due To Break As Range Cattle Grow Fat

By The Associated Press

COTTONWOOD FALLS, Kas., July 8—There's a lot of beef coming in from the hills and plains. The thundering herd is on the march again; millions of pounds of beef from the great grass ranges is ready for market!

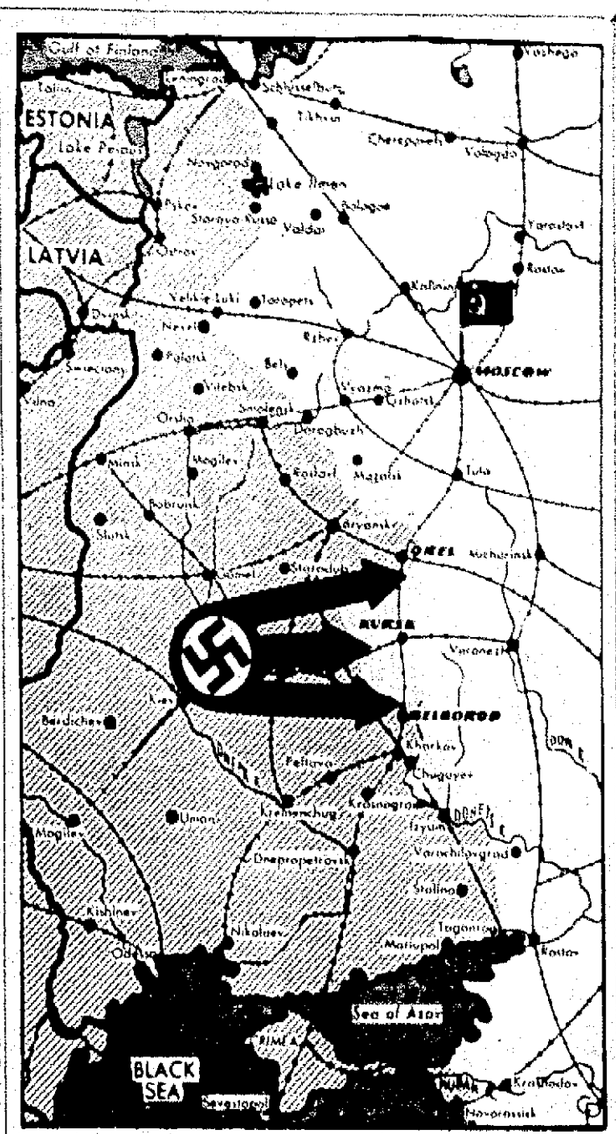
The ranges are beginning to dry up—a little later this year because of the heavy rains during the grazing season. Now the ranchers face the choice of selling their big herds or holding them and feeding expensive and scarce grains.

Some associated with the cattle industry believe the beef famine will be broken with a rush of grass-fed beef in the next two weeks.

Clint Squires, Beaumont, Tex., rancher, says "we have had more rain this summer than in any season for several years. The grass is excellent and the cattle are making good gains. The season has arrived when the grass cures and the cattle put on finish. The aged stuff soon will be in the right kind of flesh to start for market."

The blue stem pastures of eastern Kansas and the rugged Osage country of northern Oklahoma are filled to capacity with grazing cattle—some 750,000 head.

The cattle raiser will get a higher price than a year ago. Grassfed steers at the Kansas City stockyards yesterday were $11 to $13.50 a hundred pounds, as compared with $9.75 to $12.75 a year ago.



HITLER TRIES AGAIN IN RUSSIA. The map above shows the location of the long-overdue summer offensive launched by Hitler. The 165-mile front extends from Orel on the north to Belgorod on the south, with Kursk, center, one of the key points. According to today's report, the Russians say the Germans have made gains only near Belgorod where the Nazi forces have driven a wedge into the Russian lines. The Russians claim the enemy has suffered tremendous losses in men and equipment.

J. C. HAZEN OF BUCYRUS DIES

Director of School Music Is Stricken While on Duty as Extra Policeman.

Special to The Star

BUCYRUS, O., July 8—Death claimed a widely-known Bucyrus man at 3:30 p. m. yesterday when J. Clair "Jack" Hazen, 50, suffered a heart attack.

Director of instrumental music in Bucyrus High school for 21 years and an extra policeman on the Bucyrus force, he suffered the attack while riding in a police cruiser with Patrolman George Stoltz. He had complained of not feeling well and Mr. Stoltz was taking him home when the attack occurred. He took him to the hospital, where the resuscitator was applied, but Mr. Hazen was dead upon arrival.

He was a member of the Fostoria Methodist church, the Masons, Veterans of Foreign Wars, Ohio Association of Police Chiefs, and was a past commander of the American Legion. He was a collector of guns and a member of the National Rifle association.

Overseas in Last War

In World War I, Mr. Hazen served overseas for 17 months. While in Paris, during the war, he took his bandmaster's examination under Walter Damrosch. After receiving an honorable discharge from the Army, he enlisted in the Ohio National Guard where he served as a warrant officer until 1941.

The Northwest band festivals originated largely through his efforts.

Mr. Hazen had not previously suffered with heart trouble, although Tuesday night he had complained of not feeling well.

He was born to John P. and Mettie Cramer Hazen Jan. 10, 1893 in Fostoria, where he received his education. He married Miss Naomi Ackerman of Bucyrus Sept. 5, 1926. Besides his mother and widow, he leaves a son, John "Jack" Charles, aged 16, at home.

Rites Saturday

Funeral services will be conducted at 1 p. m. Saturday in the Henderson and Lutz funeral home in Bucyrus and at 4 p. m. at the Harrold Funeral home in Fostoria.

Rev. H. A. Blum of the St. John Reformed-Evangelical church of Bucyrus, and Rev. Finley Wood of Fostoria will be in charge of the services. Friends may call at the home Friday evening. Burial will be made in the Fountain cemetery in Fostoria.

EXTRA-HOUR BANKING SERVICE TO BE DROPPED

Lack of Public Acceptance of Accommodations Leads To Change.

Extra hours of service at Marion banks and federal savings and loan association offices will be discontinued after this week, officials of the institutions announced today.

Beginning next week, the extra-hour service begun as a convenience for persons whose hours of work made it difficult for them to get to banks and loan companies during normal business hours will be dropped. Officials said lack of public acceptance of the accommodations resulted in the decision, pointing out that the number of persons using the extra service did not justify continuing it.

The National City Bank and the Marion County Bank, the Marion Federal Savings & Loan association and the Home Federal Savings & Loan association are the institutions involved in the changes. The Fahey Bank discontinued the extra hour service several weeks ago.

ROVING PICKET BANDS CLOSING COAL MINES

By The Associated Press

PITTSBURGH, July 8—Roving pickets accompanied by women ranged southwestern Pennsylvania coal fields today helping close more than a dozen steel company-owned "captive" mines whose output is needed to keep the steel mills running.

The new flareup, which kept about 10,000 workers idle, stemmed from what John P. Busareler, president of the Pittsburgh district 5 of the United Mine Workers, termed an "outlaw gathering of outlaw miners at Brownsville, Pa., as all of the nation's other miners were ending a walkout that began June 20.

Speakers at the Brownsville meeting on Tuesday called for "organized picketing" to support their "no contract—no work" stand. The pickets, cruising in dilapidated automobiles, persuaded miners not to work at the Jones and Laughlin pits at Shannopin; Vesta's number 4, 5 and 6; Clyde's number 1 and 3 of Republic Steel, Isabella of Weirton Steel and most of the shifts at the Bridgeport and Maxwell mines of the H. C. Frick Coke company, U. S. Steel Corp. subsidiary.

Last night 30 pickets, including two women, blocked the entrance to the Frick company's big colonial 4 mine, employing 1,200, and the night shift did not work. At Bridgeport 8 of 16 pickets were women.

ADVANCE AFTER LANDINGS ON NEW GEORGIA

Jap Hold in Central Solomons Weakened After Crushing Naval Defeat.

By The Associated Press

ALLIED HEADQUARTERS IN AUSTRALIA, July 8—United States jungle fighters battled today within six miles of the Japanese air base of Munda from two new landing points on New Georgia island in the Central Solomons area where the enemy's hold has been weakened by a crushing naval defeat.

The new landings were disclosed today by Gen. Douglas MacArthur in a communique which also contained the news that in the warship engagement during the darkness of July 5-6 above Munda in the Kula gulf at least nine and possibly 11 Japanese cruisers and destroyers were sunk against the loss of the Cruiser U. S. S. Helena.

(A dispatch quoting sources at the South Pacific headquarters of Admiral William F. Halsey said no other American warship even sustained damage in the engagement and that most of the more than 800 reported aboard the cruiser Helena were saved).

Japan Feels Blow

The growing weight of the Pacific offensive began to tell against Japan at the other end of the 700-mile arc as well. General MacArthur announced that in the jungle fight on the approaches to the Japanese air base of Salamaua, New Guinea, Australian troops captured Observation hill between Salamaua and Mubo after its Japanese defenders had been killed or demoralized by 100 tons of bombs dropped in less than 45 minutes by Boston attack planes, Mitchell and Liberator bombers.

The new landings which increased the peril to Munda were made Monday, today's communique disclosed. After American warships in the Kula gulf had shelled Munda's supply base at Bairoko anchorage before dawn Monday, the troops swarmed ashore at Rice anchorage, four miles northeast of Bairoko. That landing point is above Munda.

Monday night, other American forces stormed ashore at Zapana, six miles east of Munda. They fanned out in patrols and latest reports were that some of them were fighting the Japanese along the Barike river.

It was before dawn the following morning that American warships made contact in the Kula gulf above the scene of the latest landing operations with a Japanese cruiser-destroyer force.

The surprised enemy was struck swift and telling blows by the guns of our warships, today's communique said.

Action Is Speedy

"In the first phase of the engagement, four or five hostile destroyers were struck by smashing broadsides that within five minutes destroyed or set afire the entire group," it related.

"Three or possibly four enemy light cruisers were then taken under fire. All were either sunk or afire within 15 minutes. One was beached."

Later while the cruiser Helena's survivors were being rescued, "our destroyers intercepted and sank two of three enemy ships attempting to escape from the gulf and damaged the third."

(The dispatch from Admiral Halsey's headquarters said American warships trapped a numerically superior enemy force in the narrow gulf at close range and forced him to fight.)

Previously General MacArthur's headquarters had listed the enemy's Kula gulf losses as six ships probably sunk and four damaged.

While American Corsair fighters were in the air yesterday patrolling above Rendova island, which we seized June 30 within artillery shelling distance of Munda, and over our landing forces at Zanana, they encountered Japanese bombers escorted by 58 Zeros. The resultant dogfights increased to approximately 100 the number of planes the enemy has expended trying to wrest mastery of the skies over the Central Solomons from the Americans.

Out of that latest force of raiders, the Corsairs shot down three bombers and nine Zeros at a cost

HUNT MISSING MAN
Police and state highway patrol here and in the adjoining vicinity have been asked to aid in locating Carroll D. "Dick" Carey, 71, missing since last Sunday night. Carey, who was 71 last Monday, makes his home with a daughter, Mrs. Roy Russell of 659 North Main street. Just prior to his disappearance he visited at the home of a son, Florian Carey of 527 Lee street and told members of the family he was returning home. He was wearing a gray shirt and trousers and a straw hat. Any one knowing of his whereabouts is asked to notify the sheriff's office or call Mrs. Russell at 8572

PVT. JOHN YATES of Manchester, England, smile despite the wounds after returning to Assam from Burma where he was in the Allied raiding party which recently made a spectacular foray behind Jap lines. He helped blow up railroad supply lines. (International)

PROJECTS BEING PUSHED BY SPORTSMEN'S GROUP

Tree Planting, Fish Conservation Programs Carried On.

Although no meetings of the Marion county fish and game association have been scheduled for this month and August, some members are continuing the association's conservation projects, President Edward Harrold reported today.

Activities for the spring and winter seasons culminated in the association's annual fish fry, June 27. Members at that time decided not to hold any more meetings until the first week in September.

Tree planting, one of the association's foremost activities, was completed during the first part of May. Successful completion of this project was effected mainly through the cooperation of rural school children, association officials said.

At present a few members are participating in fishing conservation activities. Some are also aiding in the installation and maintenance of a few county conservation dams. However, because of transportation difficulties, extensive conservation work of any kind is next to the impossible, Mr. Harrold said.

Yanks Find Mud, Insects and Japs on Rendova Island

NORMAN LODGE
Correspondent
PACIFICATION FORCES
ISLAND, July 1
initial landing on
the immediate
troops were made
despicable condi-

tions this veteran war correspondent has ever seen.

In addition to stagnated, ankle-deep mud, there were weird varieties of ants, slugs, caterpillars, flying insects, horseflies as big as butterflies, blue bottles as large as beetles, lizards of every color in the spectrum, snakes, prickly undergrowth—and plenty of rain.

Landing forces took along only hard tack and hash as meal rations, and chlorinated water which tastes worse than castor oil.

Every pup tent was virtually swimming in water. Every piece of clothing was soaked. Yet the men continued to joke and in fun compared these conditions to those of the camps they left in North Carolina, for instance.

Units set to work today clearing coconut trees for our heavy artillery which will lay down a barrage on the Munda airfield. Smaller guns have been sending advance greetings to that important base since a few hours after the initial landing.

Sporadic fighting throughout last night perhaps was largely the result of jitters. Every leaf looks like a Jap to the fresh troops in their first night in the jungle.

Today's count of enemy dead is 61. The boys are doing some nice shooting, but they won't be satisfied until they reach the main objective—New Georgia.

The Japanese show themselves to be a brave but foolhardy foe, refusing to surrender even though they have two strikes against them and a fast one is coming up. On Nip captain brandishing a sword charged our unit equipped with an automatic weapon. Suffice it to say he lost his head.

Corn Substitutes Hunted by Feeders

By The Associated Press

CHICAGO, July 8—Failure of corn to move to market is causing a scramble for substitute grains by manufacturers of commercial feeds for livestock and poultry, grain men said today.

Barley, wheat and oats are most wanted to take the place of corn, and there has been some experimenting with rye. The demand has created a substantial advance in prices for these grains.

Requisitioning by the government of corn held in elevators was of no benefit to feed manufacturers, grain men said, as most of it was supplied to processors producing directly for manufacturers engaged in war industries. Feed manufacturers are last on the priority list for this requisitioned corn, and don't expect to obtain any.

Efforts of the war food administration to get corn stocks off farms by guaranteeing that farmers sending their grain to market now will be compensated if ceilings are raised before Oct. 31 has had no apparent influence in expanding shipments.

There were no sales of corn in the Chicago market yesterday or Tuesday. Most of the grain arriving, owned by the Commodity Credit Corporation, went directly to industries.

Meanwhile, President Ida B. Wise Smith, president of the Women's Christian Temperance Union, said industrial alcohol could be obtained by redistilling existing whisky stocks, thus reducing the use of corn for manufacturing such alcohol.

ANDREW BORN DIES

KENTON, O., July 8—Funeral will be Friday afternoon for Andrew Born, 86, a half-brother of the late William W. Durbin of this city. He died in a local hospital Tuesday night. Surviving is a half-sister, Miss Elina W. Durbin of Kenton; five nephews and one niece.

BUSINESS REPORT ISSUED BY C. OF C.

Increase Shown in Postal Receipts; Other Figures Listed.

June debits of Marion's three banks totaled $20,458,812.74 as compared with $13,641,624.89 for the corresponding month last year, according to the monthly bulletin of the Marion Chamber of Commerce. The bulletin was distributed to Chamber members Wednesday.

Postal receipts for the 1943 period amounted to $19,823.01 while in 1942 the total was $19,061.59. Twenty-two building permits issued last month for construction estimated to cost $2,200 represented a decrease from the 1942 period when permits for building expected to cost $10,562 were issued. Permits for $117,057 worth of building were issued in May of this year.

Five new automobiles were sold during June as compared with 12 in June, 1942. One new truck was sold last June but none was sold here during the month this year. Used car sales for last month compared favorable with the 1942 period, 115 were sold last month while 122 were sold a year ago.

Twenty-seven fewer gas meters were in operation during the month as compared with May but the 1942 total for June was still above the 1942 total of 2,246 by 157. A total of 19,175 electric meters were in use last month, seven more than during May of this year and 78 more than during June of last year.

The city's relief load continued to decline last month. Only 18 cases were reported while during May the load totaled 53 cases. One-hundred and thirty-six cases were on record during June of last year.

U. S. Newsman Attacked by Pair in Buenos Aires

BUENOS AIRES, July 8—Police disclosed that Frank Breese, 50, of Santa Barbara, Calif., news manager of the Buenos Aires bureau of the United Press, was injured Tuesday night when assaulted by two well-dressed, unidentified men.

They said the men followed Breese for some distance and struck him down from behind with a dull weapon, inflicting a head wound which required eight stitches.

Police said the motive for the attack was not known. Breese's condition later was described as satisfactory.

CANNERIES IN OHIO NEED 17,000 WORKERS

By The Associated Press

CLEVELAND, July 8—The war manpower commission announced today upwards of 17,000 workers would be needed in Ohio canneries this season and said the American Legion had promised emergency services of its members to ease the labor shortage.

"In the past canning factories have drawn upon their labor supplies from the ranks of students home from college, from housewives and from many other groups now in the armed services or employed in war industries, but this year we must find new sources of labor or we may lose part of our crops," declared Robert C. Goodwin, the WMC's regional director.

He announced that Martin Colfey, Ohio department commander of the Legion, said more than 50,000 members of nearly 600 Ohio Legion posts were ready to participate in the organization's food for freedom campaign. Members of Legion auxiliaries and children of veterans also will be available for work, he added.

NEW FIGHTER PLANES ROLLING OFF LINES

By The Associated Press

WASHINGTON, July 8 — New super-secret fighter planes designed to meet up-to-the-minute combat conditions have started rolling off the assembly lines to take their place in the stepped up aerial offensive of the allies.

Disclosure that new fighter types are in production was made by Charles E. Wilson, executive vice president of the war production board (WPB), who declined, for security reasons, to reveal any details whatever.

Asked at a press conference late yesterday whether the new sky battlers were entirely new jobs or modifications of existing ones, Wilson replied with a laconic "both."

WPB chairman Donald M. Nelson said it was these changes in types, necessitated by combat experience, that presented the greatest single obstacle to great volume production.

"There are lots of changes," Nelson said. "When changes come they upset the dollar volume."

Wilson expressed confidence the new fighters would prove effective in battle "or we wouldn't be producing them."

When all present production facilities reach their ultimate maximum, Wilson predicted this country would be able to turn out "in excess of 10,000 planes monthly." This peak will not be reached until some time in 1944. (Plane production in May exceeded 7,000, the highest so far announced.)

Ohio Soldier in Ireland Buys $600 in War Bonds

U. S. NAVAL OPERATING BASE, LONDONDERRY, NORTHERN IRELAND, July 8—Chief Storekeeper Jesse W. Walls of Bainbridge, O., serving with the Navy here, wanted to "make a good investment" so he bought $600 worth of war bonds and signed a bond payroll allotment card.

The storekeeper said he was one of three brothers in the armed forces and formerly lived at Morgantown, O.

Men like Walls helped this base qualify for a chance to win the secretary of navy's war bond flag. If the base exceeds a 90 per cent average again this month it will be permitted to fly the flag.

Blame Your Lazy Liver Bile If—

CONSTIPATION with its headaches, mental dullness, half alive feeling often result when liver bile doesn't flow freely every day into your intestines. So take Dr. Edwards' Olive Tablets to relieve gentle yet thorough bowel movements. Olive Tablets are wonderful to start up liver bile secretions and tone up intestinal intestinal action. Follow label directions. 15c, 30c, 60c. All druggists.

Ohio Farm Worker Held Without Bond in Slaying

By The Associated Press

CELINA, O., July 8—Seventeen-year-old Louis Hand was held without bond today after pleading guilty to a charge of first degree murder in the hammer slaying of Richard Stober, 7, of nearby New Rockford last Sunday.

The Stober boy's body was found in a barn near the farm home of his father, Rufus Stober. Ora McClellan, Greenville police chief, said Hand confessed beating the boy for "razzing" him about failing to grease a cultivating machine. Hand was a laborer on the Stober farm.

SENATOR FLAYS PRESS ATTACK

Taft Declares Administration Has Dangerous Disregard for Papers and Radio.

By The Associated Press

WASHINGTON, July 8—Declaring the administration has a "general passion for government control" that threatens the freedom of press and radio, Senator Taft (R-Ohio) urged yesterday that congress redefine the authority of the federal communications commission. He said "those who brought" the government suit charging The Associated Press with monopoly "show a reckless disregard for freedom of the press."

In a speech prepared for delivery in the senate, Taft demanded that the FCC suspend exercise of the augmented powers he said apparently were given it by a recent supreme court decision, until congress can reassess the whole problem of radio authority.

At the same time, Taft said incidents had occurred which indicated to him that there is a "reckless disregard" for the freedom of the press on the part of some administration officials.

No Concern at Home

"The present administration has shown no concern for freedom of the press at home," Taft declared. "The suit brought against The Associated Press under the Sherman act shows the attitude of the administration that the press and distribution of news shall be subjected to the same kind of rules as the manufacturer or the chain store.

"Regardless of the legalities of the case, it is clear that the policy which directed the bringing of this suit is part of the general passion for government control, and those who brought it show a reckless disregard for freedom of the press. Those who drafted the Sherman act surely had no thought that it could ever be used for such a purpose."

Taft said it is his opinion that attempts to abridge the freedom of the press thus far have been frustrated by "the ingrained insistence of our people that has prevented any great progress towards actual suppression of the freedom of newspapers and magazines."

"There is as yet," he added, "no federal agency in control of the press, and there is as yet no federal bureau which licenses the press. But what is true of the newspapers is no longer true of the radio,—the blood brother of the newspaper as an instrument of free speech."

Taft said the supreme court decision upholding FCC's right to issue certain regulations affecting advertising in connection with chain broadcasting "goes far beyond any intent of congress which can be read into the federal communications act by the average layman having some knowledge of its history."

Limit On Regulation

Regulation should be "limited to the essential rules necessary to prevent confusion in the air, decent expression and the affording of facilities to all points of view," he asserted, adding:

"If congress feels that rules to prevent monopoly in the network field should be added, they should be made by congress and not by a subordinate agency of the government. And by no means should such regulations be allowed to open the door of government control of radio, as the act of 1934 is now interpreted by the supreme court.

"We are governed by an administration, which however much it may be interested in abstract freedom in Europe and Asia, certainly does not seem interested in individual freedom in the United States.

"If speech is to be really free, there must be freedom of every possible means of communicating ideas and views, and principles and hopes, from one citizen to another, from one section of the country to another. It is only by free means of communication that a people can remain free.

"There is no freedom if these means of communications are owned and operated by the government. Freedom of speech does not mean that only those in control of the government shall have the right to speak. The people must have the right and the means to speak to each other. The opposition to those in power must have the same right and means of speaking as the directors of government."

No Unity, but the Truth

THEORETICALLY, former Justice Byrnes should have kept Vice President Wallace and Secretary of Commerce Jones from getting to a public fight. Also theoretically, he should have stopped the fight soon as it started. But the gentlemen are now making. Contrary to all appearances there is nothing about what this is doing to national unity, only the politicians are worried.

The more they talk, the more interesting their argument seemed. Apparently, they are on opposite sides of a vastly larger issue than the administration of Mr. Wallace's bureau of economic warfare. Some signs indicate that what they are on the verge of threshing out is the issue of unlimited vs. limited public spending. The public wants to know more about that.

Unfortunately, it isn't in the cards. Something will stop the argument, perhaps a congressional investigation, which almost certainly would be defeated to sympathetic hands. The argument couldn't run its course even without interference, because already it has ceased to be news that two members of President Roosevelt's cabinet are calling each other names. Things are happening so fast these days that two gentlemen can't even hold an audience for a good fight.

Something Happened

CAUTIOUS commentators wisely are refraining from conclusions about the new turn in the war marked by heavy German action on the Russian front and bolstered aerial resistance against Allied air attacks in the Mediterranean.

However, one conclusion may be reached safely. The military situation no longer is static. Like two fighters who have sparred at long range to "feel out" each other, the United Nations and the Axis now are getting down to the summer's serious business. A month ago, June was going to bring the disclosure of the war's climactic shape. It must happen now in July.

Perhaps Hitler and his advisers have been tossed into making the first move to their own disadvantage—showing their hand because they could not afford to play a waiting game any longer. They could not stay on the defensive forever. When Germany failed to win the war in 1940 time ceased to be its ally and became its enemy.

Always Room for One More

IT IS a curiously impressive fact that official warnings, an advertising campaign and common gossip about the hardships in store failed to avert the greatest week-end transportation jam of the year and perhaps of history.

The effect of all this extensive and intensive effort to discourage travel apparently was to convince the potential traveler there would be room for one more.

On the theory that "necessary" trips were permissible, moreover, he had the best excuse in the world. His trip was absolutely necessary. As the OPA learned when it tried to restrict motorists to necessary trips, no one ever makes a really unnecessary trip, in his own opinion, unless he is called on to justify it to an outsider.

Most of the mass psychology problems of government in connection with the war have been approached in a manner that suggested uncertainty. A trained psychologist, confronted with the problem of keeping the general public from swamping an overworked and overloaded transportation system over a holiday week-end, probably would fall back on one of the tried and true methods of keeping the public at a distance. He would cause it to be noised about that investigators would be on hand to let travelers explain why it was "Necessary" for them to be on the move. Just the rumor would have been enough to keep thousands of them at home where tens of thousands belonged who went riding on trains and buses, instead.

Polling the French

CHIEF characteristic of rival claims for the right to dominate the renaissance of French power in North Africa is the unsupported assertion that the majority of Frenchmen feel one way or another.

While Gen. De Gaulle seems to have a theoretical edge in this respect over Gen Giraud and it seems probable that both may be victims of the American weakness for rushing in where diplomats fear to tread, there is one remedy that promises real relief.

The polling method of finding out public opinion is well established. Its accuracy in matters where there is preponderant sentiment for one side as against another is unquestioned. It has the further advantage of being based on a sampling technique that produces the answer without bothering more than a few thousand persons. In short, if the state department wants to find out which French general is favored by the French, themselves, a handful of poll takers dropped by parachute should be able to solve the question in a fortnight where Great Britain and the United States now have been working at it since the fall of France three years ago without success so far.

Many soldiers earn extra pay in the Army by working in motion picture theaters operated by the war department.

News Behind the News

Managed Economy Regulations Result in Meat Shortage in Midst of Plenty.

By PAUL MALLON

WASHINGTON, July 8—[illegible] pressure on the administration to [illegible] the 35 percent ceiling on [illegible] prices of meat.

The [illegible] on beef is the result largely of [illegible] economy, and certain [illegible] and [illegible] which has happened to the [illegible] can understand it. Take [illegible] for instance. Chester Bowles and Secretary Jesse Jones announced weeks ahead that subsidies on [illegible] would be paid to producers to [illegible] production beginning June 15. The government would pay the meat packers directly out of the treasury and they would pay the farmers more and thus induce the farmers to send more meat to market.

But when June 15 arrived, the government forms which the packers were to fill out to get this money, had not been printed and distributed by the government. These have been printed by now, and partly distributed, but the uncertainty as to congressional approval of the subsidies scared the packers out of increasing the price to the farmer.

Indeed, the price of beef fell $1 to $1.25 per hundred pounds about three weeks ago, and the farmers naturally are sending fewer and fewer cattle to market (total price has been $16 or $17 on high grades). The packers themselves are frozen against a fixed ceiling price of meat and, therefore, cannot pay the farmer enough to bring in the cattle.

Packers Quitting

Frequently of late, little items have appeared in the newspapers about packing plants here and there losing thousands of dollars a week in their operations due [illegible] to the ceiling system. [illegible] 35 percent in October [illegible] price ceiling.

The [illegible] on beef is the result largely of [illegible] economy, a [illegible] of meat, which [illegible] has happened to the [illegible] can understand it. Take [illegible] for instance. ONE WORLD—by Wendell Willkie

... Star presents this condensation of ONE WORLD in ... instalments, to be followed by ... exclusive article by Mr. ... the final instalment.

• • •

Chapter Ten

In Chungking, on Oct. 7, 1942, ... made a statement to the Chi... and foreign press in which ... to state some of the con... I had reached on my trip ... the world. In part, this ... what I said:

"I have traveled through 13 ... I have seen kingdoms, ... republics, mandated areas, ... and dependencies. I have ... an almost bewildering va... of ways of living and ways ... and of being ruled.

"But I have found certain things ... to all the countries I ... and to all the ordi... people in those countries ... whom I have talked:

"They all want the United Na... to win the war. They all ... a chance at the end of the ... to live in liberty and inde...

"They all doubt, in varying de... the readiness of the world to stand ... be counted for freedom ... others after the war is over.

WENDELL L. WILLKIE

"We are learning in this war that the test of the people is their aim and not their color."

This doubt kills their enthusiastic participation on our side.

Now, without the real support of these common people, the winning of the war will be enormously difficult. The winning of the peace will be nearly impossible.

This war is not a simple, technical problem for task forces.

Men's Minds

It is also a war for men's minds. We must organize on our side not simply the sympathies but the active, aggressive, offensive spirit of nearly three fourths of the people of the world who live in South America, Africa, eastern Europe, and Asia. We have not done this and at present are not doing this. We have got to do it....

Men need more than arms with which to fight and win this kind of war.

They need enthusiasm for the future and a conviction that the flags they fight under are in bright clean colors.

The truth is that we as a nation have not made up our minds what kind of world we want to speak for when victory comes.

Many men and women I have talked with from Africa to Alaska asked me the question which has become almost a symbol all through Asia: What about India?

Now I did not go to India. I do not propose to discuss that tangled question. But it has one aspect, in the east, which I should report.

America Suffered

From Cairo on, it confronted me at every turn. The wisest man in China said to me:

"When the aspiration of India for freedom was put aside to some future date, it was not Great Britain that suffered in public esteem in the Far East. It was the United States."

• • • • • • • • • •

We are learning in this war that the test of a people is their aim and not their color.

In the east, we have a plain example. Japan is our enemy because of her wanton and barbaric aggression upon weaker nations and because of the imperialistic doctrine by which she seeks to rule and enslave the world. Japan is our enemy because of the treacherous and unprovoked attacks by which she has launched each of her assaults in carrying forward her scheme of conquest.

China is our friend because like us she nourishes no dream of conquest and because she values liberty. She is our ally because, first among the nations, she resisted aggression and enslavement.

Here are two oriental peoples. One is our enemy; one is our friend. Race and color have nothing to do with what we are fighting for today.

Race and color do not determine at whose side we shall fight. These are things the white race is learning through this war. These are things we needed to learn.

Race Imperialism

It has been a long while since the United States had any imperialistic designs toward the outside world. But we have practiced within our own boundaries something that amounts to race imperialism.

The attitude of the white citizens of this country toward the Negroes has undeniably had some of the unlovely characteristics of an alien imperialism—a smug racial superiority, a willingness to exploit an unprotected people.

We are, in addition, already witnessing a crawling, insidious anti-Semitism in our own country.

It will be well to bear in mind continuously that we are fighting today against intolerance and oppression, and that we shall get them in abundance if we lose.

• • • • • • • • • •

It was only a short time ago—less than a quarter of a century—that the allied nations gained an outstanding victory over the forces of conquest and aggression then led by imperial Germany.

But after that victory, we shut ourselves away from world trade by excessive tariff barriers. We washed our hands of the continent of Europe and displayed no interest in its fate while Germany rearmed.

Economic Conference.

We torpedoed the London economic conference when the European democracies, with France lagging in the rear, were just beginning to recover from the economic depression that had sapped their vitality, and when the instability of foreign exchange remained the principal obstacle to full revival.

And in so doing, we sacrificed a magnificent opportunity for leadership in strengthening and rehabilitating the democratic nations, in fortifying them against assault by the forces of aggression which at that very moment were beginning to gather.

The responsibility for this does not attach solely to any political party. For neither major party stood consistently and conclusively before the American public as either the party of world outlook or the party of isolation.

If we were to say that Republican leadership destroyed the League of Nations in 1920, we must add that it was Democratic leadership that broke up the London economic conference in 1933.

• • • • • • • • • •

When I say that in order to have peace this world must be free, I am only reporting that a great process has started which no man—certainly not Hitler—can stop.

Men and women all over the world are on the march, physically, intellectually and spiritually.

And people all over the world are waiting for us to accept the most challenging opportunity of all history—the chance to help create a new society in which men and women the world around can live and grow invigorated by independence and freedom.

The Register and Tribune Syndicate.

Spiritualist Programs Scheduled at Ashley

Rev. Anne K. Keiser, trumpet medium of Buffalo, N. Y., will conduct a seance at the Ashley Spiritualist Camp at Woolley Park in Ashley Saturday night at 7:30. Sunday afternoon she will lecture and will conduct a seance again Sunday night. She will be on the grounds to conduct private and public seances through Thursday.

Mrs. Agnes Vanscyoc, a medium of Springfield, O., will deliver a message at the camp Sunday morning, and she will also be available for private readings through the week. She will conduct an auditorium seance Sunday at 4.

Scheduled also for the Sunday program is a healing service to be conducted in the morning and a Beech Temple service in charge of the Mediums' club in the afternoon.

LIPPMANN

(Continued from Page 6)

rejecting it. That would be orderly government.

But when congress is invited to vote on one incidental feature, subsidies, before any one knows what the whole inflation program is to be, need any one be surprised that congress is confused and obstructionist?

It is generally supposed that the trouble is on the home front alone, and that our foreign relations at least are well conducted. Unfortunately, that is not the case, and the same indiscipline, the same lack of coherence and considered action, the same personalism and improvisation exist there, and will, if not corrected, have long, deep and very serious consequences. The discerning are already aware of them. And the portents of trouble—not in one place, but in many—are already visible.

They arise from the fact that our foreign relations, which ought to be firmly in the hands of the state department, are carried on through a large number of amorphous and discordant agencies—BEW, RFC, treasury, OWI, some generals and some admirals.

Our foreign relations are not controlled by the state department because that department is not adequately manned and it has no real head. It contains within itself several headstrong factions.

It is said that the President is his own secretary of state. But if he is, he needs a state department none the less in order to be secretary of state. In fact, he has been handling the greatest and most difficult affairs by intuition, improvisation and personal feeling.

For this there will be, unless there is a decided change soon, a reckoning in foreign relations as there is now a reckoning on the home front. For he is blind indeed to the handwriting on the wall who does not see the accumulating evidence.

ONE OF THE GREATEST BLOOD-IRON TONICS YOU CAN BUY!

You girls who suffer from simple anemia or who look so much during monthly periods that you feel tired, weak, "dragged out"—due to low blood iron—try Lydia E. Pinkham's Compound TABLETS (with added iron)—one of the best ways to help build up red blood to get more strength—in such cases. Follow label directions. Get today!

What you save AT PENNEY'S —Spend with Uncle Sam

BUY WAR BONDS AND STAMPS

THIS month, all the people in your Penney store have banded together in a spirit of patriotism and teamwork to sell War Bonds for Uncle Sam.

From the Fourth of July right through the month, War Bonds will be the featured merchandise at Penney's.

We hope you'll take advantage of this campaign. By buying bonds, you'll help to shorten the war—help to bring your boys and ours home sooner.

And you'll own the soundest securities anyone anywhere can own! For every $3 you invest in them now, your government will pay you back $4 at the end of 10 years.

And your investment cannot possibly decrease in value!

We are confident that the July campaign for War Bonds at Penney's will rank with the most productive this town has ever held.

So buy your bonds from the workers at the J. C. Penney store. They're your townspeople and your friends and your neighbors—help them to help Uncle Sam.

Social Affairs

MRS. LAURA HEILMAN was enrolled as a new member when the Elks Women's club met at Hotel Harding yesterday afternoon for a dessert luncheon followed by cards. Awards were received by Mrs. Homer Stone, contract, Mrs. F. H. Moore, auction, and Mrs. James Peacock, cuthre. Mrs. F. L. Hoover and Mrs. Roy Baldauf were guests. The next meeting will be Aug. 4 at Hotel Harding.

James Zink, son of Mr. and Mrs. Harry D. Zink of 429 South Prospect street, was host to a group of friends Tuesday evening at his home in celebration of his fourteenth birthday anniversary. Games and contests entertained the group, prizes going to James Wagner and Irenata Norris. Refreshments were served from a table centered with a birthday cake and lighted candles. Present with the contest winners were Margaret Armbruster, Frances Sansotta, Mary K. Wilmes, Charles Maddras, Goebel Walston, Eugene Clements and Johnny Prentice.

The home of Mrs. George Fees at 357 South Prospect street was the attractive setting for a birthday party last evening celebrating the anniversaries of Mrs. Bess Ballantine, Mrs. John Burgin, Mrs. Irl Reasoner and the hostess. The gathering has come to be an annual event for the group whose birthdays occur in July. A part of the evening was devoted to contract bridge, an award going to Mrs. Reasoner. Refreshments included a birthday cake and homemade ice cream.

A meeting of the Women's Missionary society was held at First Presbyterian church yesterday afternoon with Mrs. J. R. Turner of Mansfield as guest speaker. Mrs. Turner gave a reading on "Family Portraits" depicting the family of Christ. The gown which she wore was a natural pongee silk embroidered in blue which had been made in Nazareth. A long blue veil completed the costume.

Miss Winona Hughes led devotions and the program included two duets by Mrs. H. T. Williams and Mrs. O. D. Anderson. Mrs. Henry Mickley sang three solos accompanied at the piano by Mrs. B. L. Wallace.

Circle No. 6 of the Women's Guild of First Evangelical and Reformed church met in the home of Miss Lillian Plack, 101 Bain avenue, Tuesday evening. Miss Dora Jacobs was in charge of devotions. The lesson study, "Church Publications," was conducted by Miss Jacobs, assisted by various members of the guild. The next meeting will be with Mrs. Floyd Welsh on Aug. 2.

PRETTY Eileen Donaldson turns to the right during an exercise period at the WAAC training center at Fort Devens, Mass. Before joining the auxiliary corps she was a Broadway ingenue.

Former Marion Soldier To Wed Lorain Girl

Announcement is being made of the engagement of Miss Ellen Curran of Lorain and Robert Taylor, seaman 2nd class with the U. S. N. (construction battalion) now overseas in the Pacific area. Seaman Taylor, son of the late Mr. and Mrs. Wade D. Harris of Carrington, was graduated from Harding High school in 1940 and while making his home with Mrs. Harris was employed with Wright Chandler Co. Prior to enlisting for service Oct. 28, he was employed with the American Shipbuilding Co. in Lorain. The bride-elect was graduated from the Lorain High school in June this year. The date of the wedding will depend on Seaman Taylor's grant of leave from war duty.

Salem Church To Burn Mortgage on Sunday

At the meeting of the Salem Evangelical and Reformed church council last night, final preparations were made for the burning of the mortgage at the morning service Sunday. Rev. R. J. Loew of Wapakoneta, a former pastor, will be the principal speaker.

A potluck dinner will follow the service, and coffee, cake, ice cream and rolls will be furnished by the church. Each member must bring his own table service.

George Dutt was elected to serve the unexpired term of William Pfeiffer as deacon. The report of the financial committee was accepted.

Union County Air Raid Test Set Next Week

A daylight air raid test similar to the one in which Marion county and eight other Central Ohio counties participated last week will involve Union county and nine other counties comprising District No. 5 of the state civilian defense council sometime next week, Defense Director Ralph H. Stone told The Associated Press in Columbus today. The test in which Union county will figure will also affect Logan, Champaign, Shelby, Miami, Darke, Preble, Montgomery, Clark and Greene counties. Two other similar tests will also be held in the state next week, Stone said.

Sunday School Class at Sycamore Meets

Special to The Star

SYCAMORE—The Mizpah class of the Reformed Sunday school met with Mrs. Eva Biles Thursday night. Mrs. Biles was assisted by Mrs. Fred Koehl. Mrs. Margaret Zellner read a paper.

* * *

Pfc. Jack Mick, stationed in Virginia, is spending a 10-day furlough with his parents, Mr. and Mrs. D. A. Mick.

* * *

Paul Shaffer who has been with the armed forces for more than a year was given a discharge because of the age limit. He returned to Sycamore Saturday and will be employed in a defense plant. Jay Huffman, son of Mrs. Anna Huffman of Sycamore has also been released from military duty for the same reason.

Monroe Kramer who is in the United States Navy is spending a furlough with Sycamore relatives.

Mrs. Wray Beaver has received word that her husband Pvt. Wray Beaver, has arrived safely in Australia.

A volume of fiction has been placed in the Sycamore Community library by the Women's Literary club in memory of the late T. W. Case. Mr. Case's daughter, Mrs. Ray Walton, is a member of the club.

The pastor of the Methodist church and wife, Rev. and Mrs. C. F. Hager, left Tuesday night for their new pastorate at Hannibal, O. Rev. and Mrs. S. M. Firestone of Duncan Falls are expected here this week. Rev. Firestone will preach in the Methodist church here Sunday morning.

MEET AT GREEN CAMP

Mrs. Arthur Porter of Green Camp was hostess when the Wednesday club met yesterday. The members were invited for a 1 o'clock luncheon and later there was an informal program and social hour. A guessing box award was won by Mrs. L. E. Nebergall. Guests included Miss Marjorie Porter of Youngstown and Mrs. Cicero Diehl and daughter, Janet. A meeting Aug. 4 will be with Mrs. John Dietsch of Linden place.

Group Organizes Prospect Circle of Child League

THE Prospect circle of the Child Conservation League was organized and welcomed into the Marion Federation, Child Conservation League, at a meeting held last evening in the library at Prospect. The charter enrollment includes 21 members and officers are Mrs. Robert T. Gray, president; Mrs. Donald Hickman, vice president; Mrs. Hobart Lepard, recording secretary; Mrs. DeMar King, corresponding secretary and Mrs. Fred Issler, treasurer. The membership roster will be enlarged with the enrollment of a number of prospective members.

Mrs. Harold Jacobs of Marion, president of the Central-Southwest district of the Ohio Child Conservation League, organized the new circle. Mrs. Paul Lust is president of the Marion Federation which, with the new circle, now has eight circles. They are Marion Senior, Marion Junior, Child Culture, Child Research, Beta and Child Study, of Marion, and the Mt. Gilead circle. The state convention will be held Oct. 7 and 8 at Columbus, and next year's activities will include a district conference in April for which the Marion Federation will be hostess.

The newly-organized circle will meet the third Thursday of each month starting in September.

Weddings

Of interest here, is the wedding of Miss Elsie Marjorie Baker, daughter of Mr. and Mrs. Frank Baker of Edwardsport, Ind., and Lt. Donald E. Wohlschlag, son of Mr. and Mrs. H. A. Wohlschlag of 196 South High street, which took place Saturday, June 5, at the post chapel at Selman Field, Monroe, La. The double ring ceremony was performed by Chaplain B. Y. Swop.

For her wedding Miss Baker wore a street-length dress of white pique and a white picture hat. Her flowers were a crosage of gardenias.

The bride was graduated from Edwardsport High school in 1939 and will receive her B.S. degree at Indiana university next month. Lt. Wohlschlag was graduated from the Bucyrus High school and Heidelberg college at Tiffin and prior to entering the armed forces last October was working on his master's degree at Indiana university. He recently received his wings in the Army Air force and is an instructor in navigation at Selman Field.

Mr. and Mrs. Carl Newell of 354 Milburn avenue are announcing the marriage of their daughter, Florence, to John F. Friley son of Mr. and Mrs. N. W. Friley of 521 Park boulevard. The single ring ceremony was read in the Greenwood Evangelical church yesterday at 4 p. m. by Rev. R. L. Sutherland, pastor.

For her marriage Miss Newell chose a blue and white street length ensemble with white accessories. She wore a corsage of yellow roses. The couple were attended by Miss Clara Dams and Thomas W. Middlemiss.

Mr. Friley is employed at the Marion Metal Products Co. The couple will make their home in Marion for the present.

Personal Mention

Cpl. Louis Keefer and Mrs. Keefer returned yesterday to New York City after a visit with their parents, Mr. and Mrs. George Keefer of Windsor street and Mr. and Mrs. D. R. Carpenter of Davids street. Cpl. Keefer is stationed with the air force anti-submarine command.

* * *

Misses Elizabeth Withrow and Ruby Williams have returned to Cleveland after spending the week-end and holiday with their parents, Mr. and Mrs. C. E. Withrow, and Mr. and Mrs. J. A. Williams of south of Agosta. Both are employed in defense work with the Nottingham General Electric Co.

* * *

Mr. and Mrs. John E. Houser and son David have arrived from Huntsville, Ala., for a visit with Mr. Houser's parents, Mr. and Mrs. Earl Houser of North Grand avenue and Mrs. Houser's parents, Mr. and Mrs. Carroll W. Davidson of Pearl street.

* * *

Mrs. James Osborne of Waldo and Mrs. Daisy Kress of South Main street have returned home after spending the week-end with Rev. Harold Osborne and family of Defiance, O.

* * *

Dr. and Mrs. Ira Jay Martin of Athol, Mass., have arrived for a visit with the latter's parents, Mr. and Mrs. G. E. Augenstein of the Marion-Columbus road.

* * *

Mrs. R. J. Knox of Hernando, Fla., arrived here Sunday for a visit with Mrs. William Bosh of Columbia street, Mrs. D. W. Shearer and other friends.

AIDS FATS DRIVE. Seated on a 37-mm. anti-aircraft gun at the Chrysler Army Ordnance show in New York City, movie actress K. T. Stevens holds a one-pound can of waste fats which can produce enough glycerine to fire four 37-mm anti-aircraft shells.

Edison Mayor in Navy, Council Head Elevated

Special to The Star

EDISON—Asa C. Harvey, president of the Edison council, will succeed Paul Hiskey as mayor. Hiskey, who was accepted for the Navy, left July 6 for Great Lakes Naval Training Station. He was serving his first term.

* * *

A picnic supper was served Sunday at the George Levering home honoring the twenty-fourth anniversary of Mr. and Mrs. George Levering. Those present were Mr. and Mrs. Elmer Hipsher, Mr. and Mrs. Scott Belt, Mrs. Nellie Albright, Mr. and Mrs. Jack Fisher, Misses Gene Shipman and Joy Kline. A theater party was enjoyed at Marion.

* * *

The Canaan Grange met Thursday. Mr. and Mrs. Earl Levering, John Waltman and Mrs. Fields of Mt. Vernon and a male quartet, F. O. Vansickle, Horace Braden, Scott Belt and Robert Hipsher entertained.

* * *

The Buckeye Belles met Friday with Mrs. George Talmage. Those present were Mrs. Ray Harvey and son Cliff, Mrs. Dale Wood, Mrs. Roy Couter and Mrs. William Rush.

* * *

Donald Fryberger, son of Mr. and Mrs. E. L. Fryberger, fell from a limb of a tree at the creek Sunday suffering a fracture of his right arm near the wrist.

* * *

The Denmark W. S. C. S. met Thursday with Mrs. Francis Bader. Mrs. Morton and Miss Esther Brown and Mrs. Donald Carpenter were guests. Mrs. Wilcox led devotions and prayer was offered by Francis Bader.

Senate To Investigate FCC Rule Over Radio

By The Associated Press

WASHINGTON, July 8—Regulation of radio broadcasting by the federal communications commission (FCC) will get a thorough airing before congress when members return from a summer recess, Chairman Wheeler (D-Mont) of the senate interstate commerce committee announced today.

Wheeler said he is in accord with a proposal by Senator Taft (R-Ohio) that congress—and not the FCC—write the specifications for government restraints on radio.

He made it clear, however, that he did not agree fully with Taft's contention in the senate yesterday that FCC regulations point toward ultimate "destruction" of the radio networks and the limitation of their freedom of expression.

READ THE WANT ADS

40 U. S. AIRMEN WIN MEDALS IN AUSTRALIA

By The Associated Press

ALLIED HEADQUARTERS IN AUSTRALIA July 3—(Delayed)—Forty veteran airmen, including two Ohioans, today were awarded distinguished flying crosses or an oak leaf cluster in lieu of a second DFC for at least 50 operational missions against the enemy.

Sgt. Robert L. Barlow of Athens, O., was among those receiving the DFC for the 50 missions or 200 hours of flying against the enemy, while the oak leaf cluster in lieu of a second DFC was presented Flight Officer Burl S. Ashley of Letart Falls, O.

Lieut. Gen. George C. Kenney, commander of the allied air forces in the Southwest Pacific, said the operations in which Sergeant Barlow participated consisted of "long-range bombing missions against enemy airdromes and installations, and attacks on enemy naval vessels and shipping."

Flight Officer Ashley was one of a group of flying transports carrying supplies and troops to advanced positions, flying at low altitude over mountainous terrain under adverse weather conditions.

Barlow's award was for flights from April 19 to July 26, 1942, and Ashley's for missions from Feb. 7 to March 25, 1943.

RUSSIA

(Continued from Page 1)

great. Today it is too early to formulate a final conclusion concerning the outcome of the battles."

The special announcement reported the Germans had hurled approximately 450,000 men, or 30 divisions—14 tank divisions, one motorized, and 15 infantry—into the attempt to capture Kursk, one prong driving southward from the Orel region and another northward from Belgorod.

(In a Berlin broadcast heard in London last night by The Associated Press, Lieut. Kurt Jeserich, transocean military commentator, described the fighting as "the battle for Kursk," and made the first German admission that the Nazis had launched an offensive. Nazi propaganda previously had held to the line that it was the Russians who opened the attack the morning of July 5.

(The Germans asserted they had made gains in the Orel sector at the northern end of the line as well as at Belgorod despite resistance of "400,000 crack Soviet troops supported by very strong tank and artillery forces.")

The Russians, reporting that "the Red army has before it the largest and most powerfully armed enemy any country ever has faced," declared the Germans had brought up air reinforcements from western Europe and Yugoslavia as well as from other sectors of the eastern front.

Both sides said great air battles were raging.

Peanut and Carrot Loaf

... roasted peanuts, ... 2 c. chopped carrots, 2 ... butter or other fat, 1½ c. ... tomato juice and pulp, 3 tbsps. flour, 1 c. dry bread crumbs, ¼ c. finely chopped parsley, 1½ tsps. salt, ⅛ tsp. pepper.

Make a thick sauce with fat, flour and tomatoes, mix well with other ingredients, and form into a loaf. Pack tightly in well-greased loaf pan lined with paper, and bake in moderately hot oven (375-400 degrees F.) for 1 hour.

HIGHWAY WORK UNDER WAY IN MARION AREA

Marion and Nearby Counties Share in Projects.

A number of highway projects are under way in Division 6, state highway department, which includes Marion county, according to division engineer J. Perry Shumaker, with headquarters in Delaware. Other counties included are Madison, Morrow and Delaware.

Resurfacing projects include:

Resurfacing with asphaltic concrete about 5 miles of the Mt. Gilead, Mansfield and Savannah road (U. S. Route 42) in Gilead and Congress townships, Morrow county. Work started June 18 and will be completed about Aug. 10.

Approximately five miles of the Mt. Gilead-Sunbury road (State Route 61) in Birkshire and Kingston townships, Delaware county, to be improved by drag surface treatment.

A six and a half mile section of the Delaware-London road (U. S. Route No. 42) in Delaware and Concord townships, Delaware county, to be improved by seal treatment.

Seal treatment will be applied to 2.65 mile section of the Richwood-Delaware Road (State Route 37) in Radnor and Scioto townships, Delaware county.

A 4.73 mile section of the Delaware-Mt. Gilead Road (U. S. Route 42 in Cardington and Gilead townships, Morrow county, will be improved by drag treatment.

1st Lieut. Chauncey H. Hicks, father Clarence Hicks, Chesapeake.

OHIO SOLDIER KILLED

By The Associated Press

WASHINGTON, July 8—The war department announced yesterday that Corp. William E. Smith, whose next of kin was listed as Miss Mary Smith of Warren, O., was killed in action in the Aleutians war theater.

End Meals on Cool Notes

REFRESHING! Frozen Bavarian Cream

BAVARIAN CREAM

1 tablespoon granulated gelatin, ¼ cup cold water, ½ cup hot milk, 1-3 cup sugar, 1 teaspoon vanilla, few grains salt, 2 eggs, separated.

Soak gelatin in cold water 5 minutes. Add milk and salt, and stir until dissolved. Add sugar and beaten egg yolk. Cool and chill. When mixture begins to thicken, fold in beaten egg whites, add vanilla. Turn into large wet mold, or six individual molds. Chill until firm. Serve with fresh strawberries, cream or crushed or sliced fruit. Serves 6.

• • •

By MRS. ALEXANDER GEORGE
Associated Press Food Editor

A frozen dessert gives a touch of distinction to a dinner. Home-made ice cream, so typically American, hits the spot, especially when the day is a scorcher and the meal has been trimmed down to save ration points or the drain on the food budget.

Because of delivery curtailments, the making of frozen treats is being revived in many kitchens. I have a well-insulated crank freezer which needs only a double tray of ice cubes to freeze a quart of dessert. Three single trays will probably provide enough ice for a larger freezer. I pack the frozen dessert right in the freezer or transfer it to an ice-cube tray in the refrigerator for flavor ripening.

Here are some recipes for frozen specialties:

BERRY SHERBET. Boil 3 minutes, 1 cup water and ½ cup sugar; add 2 teaspoons granulated gelatin soaked 5 minutes in 3 tablespoons cold water. Cool and add 2-3 cup light corn sirup, 1-3 cup each lemon and orange juices, ⅛ teaspoon salt and 1½ cups mashed berries. Pour into refrigerator tray. After 45 minutes, remove tray and pour mixture into a bowl. Beat 4 minutes and lightly fold in 2 beaten egg whites. Return to tray and freeze until firm. Serves 6.

PEANUT BRITTLE ICE CREAM. Mix ½ cup sugar, 3 tablespoons flour, ¼ teaspoon salt, 4 egg yolks and 2 cups milk. Cook about 5 minutes—or until creamy and a little thick, stir frequently. Add ½ cup crushed peanut brittle and let stand for 10 minutes. Stir several times. Add 1 teaspoon vanilla and 2 cups thin cream. Pour into refrigerator tray. After 30 minutes beat 5 minutes, repeat twice. Freeze cream until firm.

ORANGE NUT ICE CREAM. Soak 1 tablespoon granulated gelatin in ¼ cup cold water for 10 minutes. Dissolve over boiling water and cool. Add 1 cup evaporated milk, 2-3 cup orange juice and 1-3 cup sugar. Stir thoroughly. Pour into refrigerator tray and after 45 minutes, pour into chilled bowl and beat 3 minutes. Add 1 cup cream, ½ cup nuts, 2 beaten egg whites, ¼ teaspoon each of grated orange and lemon rinds and a speck of salt. Return to freezing tray and freeze for 3 hours, or until firm.

FRUIT ICE CREAM VICTORY. Mix together 2 cups crushed fresh peaches, ¼ cup pineapple juice, 1-3 cups each orange and lemon juices, 1-3 cup light corn sirup, ¼ teaspoon salt and ¾ cup sweetened condensed milk. Pour into refrigerator tray and chill 45 minutes. Beat well and freeze 4 hours.

Japs Left Rice Cooking As Yanks Invaded Rendova

By The Associated Press

WITH U. S. OCCUPATION FORCES ON RENDOVA ISLAND, July 1 — (Delayed) — Japanese soldiers fled so suddenly before the invading Americans on this central Solomons island that their breakfast rice was found still boiling.

Some ran to sniper posts on stumps and in tree tops when the United States doughboys swarmed ashore yesterday in the new offensive.

The job of ferreting out the snipers continued today, and as I sat atop a coral outcropping, balancing my typewriter on my knees because of lack of a more suitable place, there was an occasional zing of a Japanese .25 calibre bullet going through the coconut trees.

No one paid much attention. Generals sat without steel helmets, hardly breaking their conversations.

Major Martin F. Clements, chief of the Army's Solomon's guards, and Lieut. F. A. "Snowy" Rhoads reported coming onto one kitchen where the Japanese had left their boiling rice.

The two officers and their native guards accounted for at least 25 Japanese marines in the sector of the island they invaded.

Then there was Lieut. Ellis Satterthwaite who, investigating a crude hut, heard a noise in the doorway. He turned and saw a Japanese staring in. The young officer, the quicker on the draw, fired and the enemy soldier fell. Satterthwaite said he didn't know who was more surprised—he or the Japanese. "I thought I would find some souvenirs inside," he said, "but I'm satisfied as it is."

Lieut. Col. David M. Ross of Berea, Ky., was leading his regiment in an assault when one bullet nipped his upper arm and another ruined his canteen. He refused to retire and calmly put on his first aid bandage himself. Then he continued forward.

While units of all services participated in the various stages of the Rendova occupation, the actual storming and fighting was the Army's show.

Rules WLB Can Suspend Part of Labor Contract

By The Associated Press

CLEVELAND, July 8—Parts of a valid collective bargaining contract may be suspended by the war labor board "when the war effort requires it," regional WLB Chairman Lewis M. Gill declared in a written opinion today.

Supporting a WLB majority decision in a dispute between the Trailer Co. of America, Cincinnati, O., and the AFL United Automobile Workers, Gill's opinion asserted:

"The war labor board, under executive order 9017 which established it, has authority to order the temporary suspension of a portion of a valid collective bargaining contract when, in its opinion, the war effort requires it."

The board's majority decision sustained a previous directive which denied the right of the AFL to demand discharge of Trailer Co. employes expelled from union membership, under a union shop provision, "pending the decision of the national labor relations board on the question of union representation."

FINDLAY MAN PARDONED

By The Associated Press

BOISE, Idaho, July 8—W. D. Simmons, Findlay, O., barber who gave himself up 23 years after escaping from an Idaho prison, had a full pardon today. Simmons was reprieved recently when he returned to the prison more than two decades after marrying and becoming a respected Ohio citizen.

NEWS FROM OUR BOYS

Jack Stephenson, chief petty officer, U. S. Navy, has been placed in charge of athletics for men in the Navy now in specialized training at the University of Pennsylvania at Philadelphia. Until recently he was stationed at the Bainbridge, Md., Navy base where he was an instructor. Stephenson, captain of the 1941 Ohio State university football team, is the son of Dr. and Mrs. O. G. Stephenson of 438 South Vine street.

• • •

Cpl. Foy L. Shoewalter has returned to Camp Bowie, Texas, after spending a 15-day furlough with his mother, Mrs. Kenneth Oliver of Kenton who has been seriously ill, and his grandparents, Mr. and Mrs. Burt Potts of Meeker. Cpl. Shoewalter is stationed in the tank division and has been in the Army since Jan. 14 of this year.

• • •

Sgt. Perry P. Cowgill of Fort Leonard E. Wood, Missouri, and Mrs. Perry D. Cowgill of Chicago, Ill., left Sunday night for St. Louis, Mo. after visiting the past week with his parents, Mr. and Mrs. Oliver Cowgill and family west of Richwood. Another son, Sgt. Vernon R. Cowgill of Camp Mackall, North Carolina, arrived by plane Thursday to spend a 10-day furlough with relatives and friends.

• • •

Mr. and Mrs. Earl Drake of Agosta have received word that their son, Pfc. Roland E. Drake, stationed at Savannah, Ga., has been advanced to the rank of corporal. Cpl. Drake has been in service since March 30, 1942 and is an Army cook.

• • •

Thomas Everett Myers Jr., son of Mr. and Mrs. Thomas E. Myers of Caledonia, has graduated from the service school for torpedomen according to word from Great Lakes, Ill. He will be eligible for promotion to a petty officer after serving a period of apprenticeship.

• • •

John J. Edington, son of Mr. and Mrs. John Edington of 800 Oak Grove avenue, was promoted to the petty officer rating of torpedoman's mate, third class, upon his graduation from the service school for torpedomen July 5, according to an announcement from Great Lakes, Ill. He is now waiting to be assigned to duty with the fleet or at a shore station.

• • •

Harold E. Bardon has completed his recruit training at the Great Lakes Naval Training station in Great Lakes, Ill., and is visiting his wife, Mrs. Evelyn Bardon, at the home of her parents, Mr. and Mrs. Clarence Gompf of 844 Merry street, and his mother, Mrs. Myrtle Bardon of Upper Sandusky. Bardon has a 12-day furlough.

• • •

Pvt. Norman W. Miller, son of Mr. and Mrs. John H. Miller of Courtland terrace, who recently completed a three months' basic training course at Camp Robinson, Ark., has been assigned to the light field artillery at Camp Forrest, Tenn. Prior to entering service he was employed with the United Electric Co. and with the C. & O. Railroad Co.

• • •

Cpl. Tech. Harry W. Yager has been promoted to the rank of sergeant according to the word received by his parents, Mr. and Mrs. E. B. Yager of east of Marion. Sgt. Yager is stationed at Camp Campbell, Ky.

• • •

Phillip Henry Fisher, seaman second class, of 145 Franconia avenue, has returned to Great Lakes, Illinois, after spending a nine-day leave with his wife and mother. Seaman Fisher will be assigned to a gunners school.

• • •

Pvt. James R. Knox Jr. returned to Camp San Luis Obispo, Cal., Monday after spending part of a 15-day furlough with relatives here. He, his wife, and infant daughter, Joan, visited his wife's parents, Mr. and Mrs. Boyd Brown of Midlam avenue, Pvt. Knox's mother, Mrs. Lee Spicer of Ironton, and his father, Russell Knox of Mt. Vernon. This furlough was an especially eventful one for Pvt. Knox as it marked the first time that he had ever seen his daughter, Joan.

• • •

Pfc. Carroll Woodrum has returned to Camp Bowie, Tex., after spending a 14-day furlough with his parents, Mr. and Mrs. Homer Woodrum of 445 Evans road. Pfc. Woodrum had just completed a course in the cooking and baking school at Fort Sill, Okla., before his furlough. He will serve as a cook at Camp Bowie.

• • •

Pvt. Dick Lister, son of Mrs. Lou e Lister of 256 South Vine street, has been promoted to private first class and transferred from an Army air corps technical training school at Miami Beach, Fla., to Buckley Field, near Denver, Colo.

• • •

Mrs. Leroy Weaver has returned home after spending the week-end with her husband, Pvt. Leroy Weaver, son of Mr. and Mrs. Frank Weaver of 205 Silver street.

• • •

Aviation Cadet Willis L. Stewart has entered preflight training at San Antonio, Tex., according to word received by his parents, Mr. and Mrs. Willis E. Stewart of 185 Spencer street.

• • •

Pvt. Ray E. Eaton Jr., son of Mr. and Mrs. Ray E. Eaton of 482 Olney avenue, who recently was transferred from an ordnance department unit at Fort Leonard Wood, Mo. to the Pontiac ordnance school at Pontiac, Mich., spent Sunday with his parents.

• • •

Cpl. John R. Lucas, son of Mr. and Mrs. George M. Lucas of Upper Sandusky, has been promoted to sergeant in charge of the motorized section at Camp Ripley, Minn., according to word received by his parents. He enlisted for service Feb. 19, this year. Another son, apprentice seaman Robert E. Lucas, stationed at the Naval Training station at Great Lakes, Ill., who enlisted on June 23, is a member of the Great Lakes a cappella choir. The young men are grandsons of Mr. and Mrs. J. T. Lucas of Morral and Miss Mary A. Lucas of 624 Indiana avenue is a sister.

• • •

Pvt. Robert J. Paul is spending a week-end furlough from Jefferson Barracks, Mo., with his wife, Mrs. Marie Paul, and her parents, Mr. and Mrs. H. G. Seiler of South Prospect street. After her husband's induction into the Army, Mrs. Paul returned from Michigan to her parents' home, where she will live while her husband is in the service.

• • •

Sgt. W. W. (Bill) Williams has returned after spending a 12-day furlough with his wife, Mrs. Bea Williams of 504 Oak street. He was recently promoted to the rank of staff sergeant. Mrs. Williams returned with him to Dunnellon, Fla., where he is stationed at the Dunnellon Air Base.

• • •

Pvt. Jack W. Young is spending a 10-day furlough with his parents, Mr. and Mrs. R. L. Young of 141 Reed avenue. Pvt. Young is stationed at Ft. Lewis, Wash.

• • •

Newly inducted men who have been sent from the reception center at Ft. Benjamin Harrison, Ind., to various stations, according to a report from the reception center are: Pvt. Howard E. Tweddle, husband of Mrs. H. E. Tweddle of 179 West Center street, Pvt. Charles J. Justice, son of Mr. and Mrs. J. M. Justice of 130 Merchant avenue and Pvt. Jack E. Jones, husband of Mrs. Agnes Jones of 203 Windsor street, have been transferred to Greensboro, N. C., and Pvt. J. Aultman Raub, son of Mrs. S. A. Raub of 192 Pearl street has been assigned to Jefferson Barracks, Mo.

• • •

Cpl. Robert D. Tuttle is spending a 12-day furlough with his parents, Mr. and Mrs. O. L. Tuttle of 488 Osgood street. Cpl. Tuttle is stationed at Camp Claiborne, La.

• • •

Pfc. Emory P. Yost has returned to Keesler Field, Miss., after a 15-day furlough spent with his parents, Mr. and Mrs. G. H. Yost of Big Island. Pfc. Yost before enlisting in the Air Corps was a clerk for the Erie railroad. He is stationed in the supply office as a clerk.

• • •

Mrs. Thomas Minard of 556 North Greenwood street has received word from Camp Hood, Tex., that her husband has been advanced to the rank of private first class. Pfc. Minard is with a tank destroyer division.

Dixie Davis' Plans For New Life Go on Rocks

By The Associated Press

LOS ANGELES, July 8—Plans of Hope Dare, red-haired former showgirl, and Richard (Dixie) Davis, one-time counsel for a huge New York policy racket, to create a new life for themselves in southern California were on the rocks today.

The former Follies beauty, who stayed by her dapper young attorney during his much publicized association with purported gambling interests, filed suit for divorce yesterday. She charged cruelty.

Davis and his wife came to California in 1940 to seek seclusion after he completed a term of less than a year in prison on a charge of conspiracy to operate a lottery.

GUN CLUB GROUP IN STATE EVENT

Practice at Local Grounds for Columbus Competition.

About a dozen members of the Marion Gun club will journey to Columbus Saturday to participate in the annual Ohio state trapshoot at the capital city gun club, officials of the local organization announced today.

Marion sharpshooters will take part in each of the three scheduled activities which will cover two days of shooting. The first event, doubles competition, is on tap for Saturday noon. This will be followed by handicap rifling. Handicaps are based on the average scores of each shooter out of 25 tries. Yardage from the target is then stepped off, figured on the ability of the individuals.

Firing for the state singles championship will be held Sunday. All shooters will stand at a distance of 16 yards from the targets.

Local gunners warmed up for the big state event at the local club, east of town, Wednesday afternoon with a practice shoot. These shoots are held every Wednesday afternoon at the Marion club. About 10 members of the club sharpened their sights at the practice firing yesterday. Total membership of the club is about 35.

Leading score was posted by Dr. R. D. Miller who hit 49 out of 50 clay targets. Other marks posted for that number of tries were: H. A. Lauer of Prospect 47, Sam Kerns 46, and J. Cook 45. Ed Huggins scored in 37 out of 40 attempts.

Dr. Miller also racked up the best mark for 25 targets, hitting 24. Lauer posted 23 out of 25, the same mark turned in by Huggins.

WPB Will Publish All Newsprint Cases

By The Associated Press

WASHINGTON, July 8—The war production board has decided to make public henceforth its proceedings in handling newsprint quotas, Rep. Maas (R-Minn) said this satisfied his demands that something be done to avert what he called a threat to freedom of the press.

Maas charged the WPB's printing and publication division with favoring some publishers over others and using newsprint quota machinery for "censorship purposes." WPB Chief Donald M. Nelson issued a flat denial yesterday, when conferees with Maas, who said Nelson agreed to his recommendation for publishing the quota cases, probably in the Federal Register Daily.

3,000 DISMISSED IN BRITAIN

By The Associated Press

LONDON, July 8—The ministry of labor discharged 3,000 government employes today—the first step in a general overhauling of government agencies. The reduction was ordered by a cabinet committee.

Costs only a few cents a week for the average family

Shrimp and Egg Shortcake

Shrimp and Egg Shortcake comes as an answer to the oft-expressed request for something different. It is nice as a main course for lunch or summer dinner. Melt 4 tablespoons fat in saucepan over moderate heat. Add 4 tablespoons flour and teaspoon salt. Stir in gradually 2 cups hot milk, and cook, stirring the while, until thick. Add three hard-cooked eggs cut in quarters, one pound cleaned and cooked fresh shrimp and one bunch watercress stems cut in ¼-inch lengths. Heat well and serve at once over watercress biscuit squares. To make these place 2 cups biscuit mix in bowl and lightly stir in ½ bunch coarsely chopped watercress leaves. Pour in ½ cup milk and stir with a fork until dough leaves sides of bowl and forms a ball. Add more milk if necessary to make soft dough. Turn onto floured board and knead lightly. Roll into sheet 6 inches square and ½ inch thick. Cut into four 3-inch squares. Place on greased baking pan and bake in hot oven at 450° F. for 12 to 15 minutes. Split biscuits in half, fill and top with shrimp mixture. Serve garnished with watercress sprays.

Sausages Help In Point Problem

By BETSY NEWMAN

The various sausages are lower in point value than roasts, chops, etc., so let's use them frequently in our summer menus. Today I'm recommending bologna and we'll serve it with potato salad.

MENU

Bologna Cups with Potato Salad, Buttered Peas, Sliced Tomatoes, Indian Pudding with Apples, Coffee.

Bologna Cups with Potato Salad

Have large bologna sliced on the No. 9 or 11 slicer (twice the usual thickness and allow 2 slices for each person. Put a little fat in the frying pan and heat slices of bologna just long enough to cup them, not fry. It takes about 1 minute for each slice. Arrange cups on plate or chop plate and fill with a spoonful of potato salad topped with a sprig of parsley.

Marion Area Group in O.S.U. Army Classes

A group of men from Marion and vicinity have arrived at Ohio State university in Columbus for work in the U. S. Army's specialized training program, according to a report from the public relations department of the university.

Part of the men assigned to the Ohio State school remain for only a few days of testing preparatory to further assignments, while others stay for several months of Army specialized training. The present group includes: Pvt. James M. Steen of Carey; Tech. fifth grade Keith W. Hammond of Forest; Pfc. Benjamin E. Palmer of Girard avenue; and Sgt. Robert D. Volk of 315 Blaine avenue.

Desserts Can Be Used To Bolster Up Daily Menus

By ALICE DENHOFF

No doubt you have made the same discovery as most of us, which is, that the family will forgive a skimpy meat course or a simple meal if the dessert is something special. One that is easy to make is a scrumptious strawberry topping on gingerbread with your own recipe or a prepared mix. Cut gingerbread in squares and serve piping hot with the topping. This is made with 2 stiffly beaten egg whites to which ¼ teaspoon of salt is added. Gradually add ¼ cup corn syrup beating constantly until mixture holds shape. Carefully fold in ½ cup sliced strawberries. Serve at once.

For another wonderful dessert, buy an angel food cake and spread a pint of vanilla ice cream between layers and over top. Mash strawberries with sugar and just before serving pour this sauce over the cake.

Tapioca Cream

Here's a delightful tapioca cream for 6 servings. Combine 3 tablespoons quick-cooking tapioca, ¼ teaspoon salt and 2 cups milk in a saucepan. Bring mixture to boil over direct heat, stirring the while. Remove from fire. Mixture will be thin. Do not overcook. Cool slightly. Place one unbeaten egg white and ½ cups strawberry preserves or any fruit jam in bowl, and beat with rotary beater until stiff and creamy. Fold in tapioca mixture. Add 2 teaspoons lemon juice and teaspoon grated lemon rind. Pile lightly in sherbet glasses and chill.

Solo Alaskas

Solo Alaskas make a pretty impressive company dessert. Beat 4 egg whites until stiff, gradually adding ½ cup sugar. Arrange 6 shortcake shells on baking sheet and spread chocolate or jam sauce in bottom of each shell. Fill with well-frozen ice cream, using a quart in all. Frost quickly with egg-white, and brown slightly (one to 2 minutes) in very hot (450F) oven. Serve at once.

The cone in hand is not the only way to please the children with their favorite treat. To give a party touch to a meal serve one round ball of ice cream for each cone. Make a face with raisin eyes, cherry lips and pecan ears. Make a berry ruff and crown each serving with a cone. Grown-ups enjoy this fanciful dessert as much as the youngsters do!

Little Chats — on — Public Notices

By JAMES E. POLLARD

Ohio State University.

PORT OF MISSING HEIRS

A popular radio program is built around the location of heirs to unclaimed estates. It has had astonishing success and many of the cases have been quiet dramatic. It has been both useful and entertaining.

In a recent case known to the writer, two young men, now in the Army, became aware that they were sole heirs to $4000 from the estate of a grandmother with whom they had lost touch. They learned of their good fortune through friends who heard the radio program and notified them.

This kind of situation is more commonly served by Public Notices, especially those appearing in local newspapers of general circulation. They are not perfect, but they are the most effective means available under law to put ALL persons on notice who have a stake in the matter. Whether this is a personal or a community matter, the principle is the same.

(Copyright by J. E. Pollard)

J. E. SMITH RETIRING FROM HOTEL BUSINESS

Has Operated Pilgrim Inn 18 Years.

John E. Smith, who has operated the Pilgrim Inn for the last 18 years, today announced he would retire from operation of the hotel at the end of this month.

Mr. Smith said he has not yet disposed of the hotel equipment nor completed his plans for the future, but expects to take at least a temporary vacation.

He has been in the hotel business since 1914 and came to Marion from Hartford City to take over management of the Pilgrim Inn.

The Stars Say—

For Friday, July 9

POWERFUL astral configurations, predominant on this day, point up the unusual, original, exciting and dramatic. New projects or extraordinary propositions should advance with sudden force and with the aid of influential personages, impressed by novelty and originality. Mechanical skill is emphasized, although travel, art, change, law and letters command attention. It would be well to be cautious with all writings and contracts.

Those whose birthday it is are confronted by a year of surprising and thrilling opportunity for trying out their ingenuity, skill and practical ability in putting over bold, original and possibly unique creations, ideas or suggestions that attract promotional assistance from those in influential places. This may relate to inventions, scientific or mechanical, in connection with the air or other engines. Change, travel, and new contracts may be involved, with legal aspects to all of which be alert to misunderstandings or treachery. Adventure and romance may have thrilling denouements.

A child born on this day may have unusual talents and skills, with original, scientific and inventive genius, either in practical creative form or in the realm of ideas—dramatic, literary or unique. It should have a romantic and adventurous career, with fame and fortune.

Household Hints

If you have to pack several lunches in the morning, you will find it helpful to keep one shelf in the refrigerator solely for lunch box foods. It is also an aid to keep part of one kitchen shelf for those containers for lunches, paper cups and napkins, waxed paper, etc. This lightens the work in the busy early morning hours.

U. S. Soldiers' "Mother" Back from Pacific Area

By ADELAIDE KERR
Associated Press Writer

NEW YORK — Helen Hall has just finished one of the biggest and most unusual jobs done by any woman in the Pacific war area.

In 1942 Miss Hall took a year's leave of absence from her work as Director of Henry Street Settlement to work for the Red Cross in the Pacific. Since then she has traveled about 50,000 miles, chiefly by air, to establish 34 American Red Cross service clubs and rest homes in Australia, New Zealand, New Guinea and New Caledonia.

"The rest houses are a new development of this war," she told me after her return, as we sat in her settlement not far from New York's Bowery. "They were established to give the men on leave both rest and fun — good food, swimming, athletics and dancing. The men were flown down from the battle areas on leave, generally for about ten days. In the 34 units we served 800,000 meals a month. Five thousand Australian women volunteers helped us."

Miss Hall, who is the wife of Paul Kellogg, editor of The Survey-Graphic, is tall, blonde, blue-eyed and handsome. Her recent work in the Pacific adds another mark to a distinguished career which included Red Cross work in base hospitals in France in the first World war and organizing recreational work for the U. S. war department in China and the Philippines in 1920-22.

"To Americans Australia seems almost an undeveloped continent," she said. "The whole thing is tempting to the pioneer spirit. Over and over again men would say, 'My! I'd like to come back to Australia and develop some of these resources!'

"Americans have much in common with the Australians too. Both nations pioneered in a continent—and that easy friendliness which comes from pioneering is still in our blood. Americans and Australians both take it for granted that the other fellow is going to be friendly."

Miss Hall paused a moment and smiled.

"About the only thing our soldiers don't like is the coffee. The Australians put a touch of salt and mustard in it. And the boys complained about it every day. They were not popular with the waitresses.

"But the Australians are very generous and admiring of us. And they opened their homes to thousands of soldiers with great hospitality. I have seen American soldiers in many parts of the world. But I never saw them so enthusiastic about any other people."

HELEN HALL

New Teachers Employed by Board at Galion

Special to The Star

GALION, July 8 — Two teachers were hired, and two new textbooks adopted when the Galion board of education held its July meeting at Senior High school office.

Mrs. Grace Hetherington of Columbus, a graduate of Ohio State university who has had teaching experience at Raymond, O., was employed to teach in the Junior High school.

Mrs. Martha Elizabeth Murphy, wife of K. E. Murphy of Galion, was hired by the board to teach in the elementary grades. She has had five years teaching experience in Belmont and Muskingum counties. She attended Ohio university, Muskingum college and Kent State university.

The Alice and Jerry series of reading books were adopted by the board for use in grades one and three, while another new book decided upon is a new world history edition, "Making of Today's World," by Hughes.

Salary for substitute teachers was set at $5 a day for elementary grades, and $6 a day for high school teachers.

George Harrington Hurt by Auto Near Galion

GALION, July 8 — George Harrington, 56, who resides at the Alonzo Beltz home, west of Galion, was injured Wednesday when struck by an automobile on the Galion-Bucyrus road.

He was brought to City hospital for first aid, this being his second trip to the hospital in recent months. Several weeks ago he was severely bruised and burned when a team of horses ran away with him, dragging him along the pavement.

His injuries, Wednesday night, included a gash in his head and a neck injury. The automobile was driven by Charles C. Brunner of Marion.

INJURED IN CEMETERY

KENTON, O., July 8—Merle Highland, small son of Mr. and Mrs. Glenn Highland of Kenton, is nursing a broken leg sustained when a loose monument fell on him while the family was visiting a nearby cemetery.

WED AT BUCYRUS

BUCYRUS, July 8—A ceremony in First Methodist church Wednesday united Miss Martha Jeanne Inscho, daughter of Mr. and Mrs. D. M. Inscho and Wilbur Bertram Pettit, son of Mr. and Mrs. W. B. Pettit, sailor in the U. S. navy.

Officers Installed By Crestline Odd Fellows

Special to The Star

CRESTLINE, July 8—The I. O. O. F. met Tuesday. A report was given by E. F. Grimm.

Officers were installed by Earl Feik, L. M. Newsander, E. F. Grimm. Those installed were, noble grand, Vaughn Blauvelt; vice grand, D. W. Klahn; chaplain, F. M. Teeter; warden, J. L. Armstrong; conductor, Albert Dutschke. Other officers include Earle Feik, H. T. Gall, Orie Garverick, Robert Stevenson R. P. Hill, Harold Kramer and Albert Bauer. A jewel was presented to the retiring noble grand, D. W. Klahn.

A report of the of the grand lodge was given by Earle Feik.

R. I. Wolf, new grand master of Athens, O., will be present for the 13th annual father and son banquet.

Clarence Speelman, in military service and home on furlough, gave a talk.

Refreshments were served by D. W. Klahn and Vaughn Blauvelt.

The Fraternal Order of Eagles met Tuesday. Members planned to attend the victory meeting in Mansfield last night. A trustees' meeting in Marion July 25 was announced.

• • •

Crestline Kiwanis club met Wednesday. Miss Addie Blocker was at the piano for the singing led by C. A. Simonton. Rev. C. H. Lange, chairman of the recreation committee, gave a talk. He announced a group of high school students interested in promoting the recreation program would be present at next week's meeting.

SOLDIERS of the KITCHEN
YOU Can Can

Several Methods May Be Used Depending On Your Equipment

How to Can in a Water Bath

This is a safe, efficient method for canning fruits, tomatoes, rhubarb and sweet, ripe pimentos. DO NOT use water bath canning for any other vegetables, meat or poultry.

You need a large, tightly covered utensil deep enough so that water will cover tops of jars with at least an inch to spare. A rack must be used in bottom. Cooking time varies from 5 minutes to 70 minutes at 250°. Some products are precooked others packed raw. Many good books and pamphlets giving full directions are available.

...ce with a nation-... transfer the re-... determining pre-... rates from state ... boards to local ... powers, a four-... county farm wage ... named.

...e new board are ... of Meeker, Ga... Curtis Irey of ... E. A. Williams of ... ship.

... of the board is ... county agricultural ... In the naming ... throughout the ... board procedure has ... the local agricul-... the head.

... the four mem-... board was made by ... of Pleasant town-... of the Marion ... labor committee. ... members is also a ... the county farm labor ... Members represent the ... sections of the county ... south, east, north ...

The board will hold its first hearing tomorrow night in the agricultural extension office in the basement of the postoffice at 8:30. All Marion county farmers, business men and laborers who want to have any wage or equipment rate disputes cleared up are invited by Mr. Smith to be present at the initial hearing of the board.

Main function of the board, according to Mr. Smith, will be to determine custom and exchange rates on farm machinery in the county. Many county farmers have been appealing to Mr. Smith to fix rates for custom work during harvesting season. A great majority of them favor a uniform rate for such farming, Mr. Smith reports.

At Friday night's hearing, members of the board hope to make considerable advancement toward drawing up a wage rate scale. It will be for them to determine, according to a request from the state emergency farm labor director, concerning the duties of the board, whether the rates should be uniform or varying. When one of the two rates will be chosen will depend upon the consensus of the farmers who attend the hearing or who contact members of the board previous to the hearing. The uniform rate plan is sub-divided into fixed rates for the entire county or for specified areas within the county. If the second form of the uniform plan is selected by the board, the areas will naturally be determined by the board.

Custom Work System.

Much custom work has always been done in Marion county and farm officials expect this year to be no exception. Custom farming applies to lending of the services of farmers who have a combine to another farmer who is handicapped by not having one. In exchange for the aid of the first farmer, the second is required to pay a wage, in the past determined by the farmers involved in the exchange. The county farm wage board will be the agent for fixing the rates of such work for the remainder of this year.

A main reason for holding the first hearing of the board so soon is to formulate rates for custom work in preparation for wheat harvesting, which has been delayed until next week because of frequent rains.

The Ohio state agricultural wage board was abolished as of June 4 of this year. State farm officials then set to work to devise a system of similar boards of a more local nature which would be able to deal more justly and accurately with wage disputes and problems. By the latter part of last month, notices, each requesting agricultural agents in the state to organize a county farm wage board, were issued. July 15 was set as deadline for appointment of the boards.

Rate Question Foremost.

The Marion county board does not expect to be as active with wage adjustments as with fixing rates. However, if any such disputes arise, Mr. Smith will authorize the board to hold a special hearing.

Some Ohio counties have employed foreign labor to a great extent on their farms. However, Marion farmers have not hired such workers because of the large scale farming done in this section. Therefore, the wage board of this county will not be faced with determining prevailing wage rates for foreign and interstate workers.

Determining of rental and exchange rates for labor and machinery is an unofficial function of the board, according to the state office of the extension service. So is establishment of custom rates. Decreed as official board duties are: (1) The holding of hearings relative to farm wage rates; (2) recommendation to the director of extension for various types of farm work to be used as prevailing wage rates (3) to supply the director with transcripts of each hearing and (4) to set wage rates for intrastate labor.

Regularity of hearings has not been decided and Mr. Smith does not look for a regular schedule of hearings to be devised but to have them called at such times as the occasion demands.

Groups To Cooperate.

Mr. Hoch was selected chairman of the Marion county farm labor committee last February, shortly after formation of that body. There are 14 members to the labor committee. Its duties and responsibilities are closely allied with those of the wage board and close cooperation between the two organizations is anticipated.

Outside of Mr. Hoch and members of the wage board other members of the labor committee are Fred Baisinger of Marion, Harold Beers of Kirkpatrick, Charles Houser of Claridon township, Jacob Gomof of Richland township, J. H. Woelfsiegel of Prospect, Beaver Bricker of Green Camp township, Harold Oberlitner of Bowling Green township, Homer Johnson of Agosta, and O. E. Griswald of Morral.

Mr. Houser is secretary of the committee. He, Mr. Hoch and Mr. Smith comprise the executive board of the labor committee.

MARION GUARD COMPANY IN SIMULATED BATTLE

Co. H, in Camp Zaleski Maneuvers, Helps Beat "Enemy"

Co. H, Marion, Ohio State Guard, and [illegible] special camp training here in southern Ohio, helped defeat the "enemy" during the final field maneuvers at Camp Zaleski, according to a report by members of the company.

Co. H formed the rear guard in the defense and covered 15 of the [illegible] miles in the drive.

Artillery and machine guns [illegible] were simulated. Tanks, scout [illegible] and motorized forces were [illegible] by small gray [illegible] that were [illegible] dog fights between enemy and defense planes were staged. Members of the field artillery [illegible] Municipal airport acted as the "enemy" and [illegible] the attacking units.

The objective of the [illegible] was not completed, Co. H officers reported.

Tired Kidneys Often Bring Sleepless Nights

[illegible] your kidneys contain 15 miles of tubes or filters which help to purify the blood and help you healthy. When they get disordered and don't work right in the daytime, many people have to get up nights. Frequent passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder. Don't neglect such conditions and lose valuable, restful sleep. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, dizziness, headaches and puffiness under the eyes. Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

"HARD TO FIND" FURNITURE ITEMS

On Our Five Large Floors!

As Marion's population increases, the need for rooms grows more acute. Those engaged in war industries must have adequate housing if they are to work efficiently. Why don't you start planning now to utilize all the available space in your home? With a little ingenuity and some rearranging you can provide at least one of those much needed extra rooms. Furnish them well and rent to a war worker—it's a good investment economically and you have a utilitarian guest room that's very convenient. Be prepared to have your latch string out when the need is greatest.

MRS. MARTHA SABINS OF MARION STRICKEN

Dies at Home of Son; Funeral Services Set for Saturday.

Mrs. Martha Anna Sabins, 83, died yesterday at 5:15 p. m. at the home of her son, Alonzo Sabins at 672 North Main street of a heart ailment she had suffered for the last two years.

A native of Fairfield county, she was born Jan. 24, 1860, to Samuel and Catherine Wagner Weaver, both natives of Fairfield county. She married Francis Marion Sabins in Delaware county Oct. 19, 1882. He died Dec. 25, 1921 in Marion.

She had lived in Marion for 40 years, moving here from Ostrander where she was a member of the United Brethren church.

She is survived by her children, Mrs. Etta Ward of Maumee, Jess Sabins of Ostrander, William and Frank of Elyria, Fred of Marysville, Mrs. Ethel Russell of Wooster, Mrs. Hazel Russell, Mrs. Rosa Coulson, Alonzo Sabins and a foster daughter, Opal Van Meter of Marion, her brothers, Eugene Weaver of Ostrander and John Weaver of Columbus, a sister, Mrs. Frances Bouick of Ostrander, 17 grandchildren and 15 great-grandchildren. Three grandsons are in the service. They are Bernard Walker, seaman, first class, stationed in Michigan, Cpl. LeRoy Russell, stationed in England, and Staff Sgt. James F. Coulson, stationed in Kansas.

Funeral services will be conducted by Rev. Ernest Finkenbiner of the Emmanuel Baptist Baptist church, at 1:30 p. m. Saturday at the home. Friends may call there after 7:30 tonight. Burial will be made in Marion cemetery.

58 Attend First Session of Girl Scouts' Day Camp

In spite of rainy weather, 58 girls attended Girl Scout Day camp on the opening day Tuesday. Three units were filled, including a bicycle unit made up of older girls. The camp site is on property belonging to Orla Barks on the Smeltzer road.

Day camp is open to all girls between the ages of 10 and 18, and will be conducted every Tuesday, Thursday and Friday of July. A Brownie unit will be conducted every Thursday. When it rains on Thursday, however, Brownies may attend camp on Friday.

MRS. EMMA GARVER DIES AT LEXINGTON

Widow of Former Huber Co. Superintendent Stricker.

Mrs. Emma Garver, 78, widow of the late Frank Garver, died at 2:45 a. m. yesterday at her home in Lexington. Failing health had been a factor in her condition last autumn when she suffered a fractured hip in a fall.

Born March 17, 1865, she was the daughter of George and Anna Fisher Hillman. Her husband, Frank Garver, whom she married Nov. 24, 1885, was general superintendent of the Huber Manufacturing Co. for 35 years. She was a member of the Epworth Methodist church of Marion and attended the Presbyterian church in Lexington.

Surviving is a son, Ernest of East Center street. Besides her husband, she was preceded in death by two brothers and three sisters.

Rev. C. M. Snyder, pastor of the Lexington Presbyterian church, will officiate at services at the home tomorrow at 1:30 p. m. at Snyder's Funeral home. Burial will be made in the Woodland cemetery.

Our own bombers got in some heavy blows on Jap bases.

Marion Woman's Nephew Believed on Sunk Cruiser

Believed to be aboard the U. S. S. Helena, a cruiser which was the only American loss in the battle of Tulagi gulf in the Solomon area Monday and Tuesday, is Seaman First Class George [illegible] son of Rev. and Mrs. George [illegible] of Prineville, Ore., and a nephew of Mrs. Charles P. Pridgen, of 782 Fillmore street, who is wife of the Ohio district superintendent of the Pilgrim Holiness church.

Mrs. Pridgen is a sister of Rev. Doll. The Associated Press reported today that most of the members of the Helena were saved.

In a recent letter received by Mrs. Pridgen from Seaman Doll, an anti-aircraft gunner, he stated that he was then aboard the Helena.

He enlisted in the Navy a year before Pearl Harbor and was at the Hawaiian base at the outbreak of the war. In the sneak attack on Pearl Harbor the ship he was serving on was torpedoed.

CONGRESS

(Continued from Page 1)

to the hotly-debated proposal which would invest the lawmakers with virtual hiring and firing power over war agency employes in the higher wage brackets.

As this bill passed the senate it would require confirmation of personnel paid $4,500 a year or more. President Roosevelt called the legislation a "tragic mistake" and the house took a decided stand against it on several occasions.

Anxious though to clear the decks and quit for the summer the legislators started a movement to compromise the differences, retaining the principle expounded by Senator McKellar, Democrat of Tennessee.

Drafts Amendment

Rep. Taber (R-NY), who fought the original plan, drew up an amendment to the $2,911,657,224 war agencies appropriation. His idea would require confirmation of only those over war agency workers earning $5,600 a year or more. Those on the payroll before July 1 would be left undisturbed. Those hired later on and until Nov. 1 would keep their jobs but their names would be submitted, along with any additional appointments, to the senate for confirmation henceforth.

In the face of a threat by congress to set its own price for corn, the OPA notwithstanding, cornbelt lawmakers invited Marvin Jones, the new war food administrator, to Capitol Hill today in an effort to settle the question without rigid legislation.

The house agriculture committee called a meeting with corn state house members later to pass on a bill approved by the senate yesterday lifting the corn ceiling price from $1.07 to $1.40 a bushel.

See Disturbing Trend

Several house farm leaders described the senate measure, setting the price of an individual commodity, as "a disturbing trend," and privately expressed willingness to side-track it if the war food office would give reasonable assurance of action to solve the corn problem.

Chairman Smith (D-SC) of the senate agriculture committee, who introduced the corn price bill, attributed the current shortage of purchasable corn to the fact that farmers find more profit in feeding the grain to hogs than in selling it to processors at the $1.07 ceiling set by the office of price administration (OPA).

Long Range Service

KNOXVILLE, Tenn. — The Knoxville housewife — who has been forced to wait more than two weeks for the return of her laundry and then iron some of it herself—thought she had troubles until:

A Detroit man, 344 miles away, mailed his soiled clothing to a Knoxville laundry explaining in a letter that Detroit firms no longer took on new customers. He got his laundry back, finished, pronto.

SPEED: over 320 m.p.h. (maximum), over 200 (cruising).
RANGE: over 3,000 miles.
BOMB CAPACITY: 7,500 lbs. of bombs over 3,000 miles.
MAXIMUM SHORT HAUL CAPACITY: 10 tons.
SERVICE CEILING: 36,000 feet.
CREW: 4 to 10 men.
ARMAMENT: 8 to 14 .50 caliber machine guns.
ENGINES: 4 turbo-supercharged, with 1200 hp. each.

Associated Press Features

These cross-section views of the Consolidated-Vultee Liberator give an inside picture of an airplane that plays a triple role against the enemy on America's warring fronts.

Top view shows it as a bomber, with the crew shown in fighting position.

The other drawings show how it looks when converted to carrying passengers or freight.

Tobin Favors Return of UMW to Federation

By The Associated Press

NEW YORK, July 8 — Daniel J. Tobin, president of the International Brotherhood of Teamsters, declares that he favors affirmative action on the application of John L. Lewis' United Mine Workers for reaffiliation with the American Federation of Labor.

Tobin's views were made known yesterday in an editorial under his signature appearing in the July issue of the International Teamster, official organ of his organization.

"I am strongly in favor of bringing the labor movement back to that end I will do all I can to bring the miners back into the Federation," declared Tobin who is chairman of a committee of three appointed by the AFL executive council to confer with Lewis.

Windfall Church To Celebrate Anniversary

The St. John Lutheran church at Windfall, Richland township, will celebrate the 107th anniversary of the congregation with a service at 10 a. m. Sunday, Rev. Harry E. Wine, pastor announced.

Founded by German immigrants in 1827, the congregation was incorporated in 1836 by a special bill in the legislature as "Jacobs' Evangelical and German Reformed church." The church was remodeled in 1903, [illegible] in 1941.

Rev. J. J. Sauer, former pastor of the church, took part in the all-day celebration of the 105th anniversary two years ago.

U. S. Okays City Street Work

Federal Approval Given Application for Asphalt To Be Used in Repair of 50 Streets.

A certificate granting the city of Marion 63,800 gallons of liquid asphalt to be used for resurfacing 50 streets was received at the office of C. C. Caldwell, safety-service director Wednesday. The asphalt was allotted by Division 10, Federal Works Agency, of the Public Roads administration in Washington.

The asphalt, which will be shipped in six railroad tank cars, is expected to arrive within the next few weeks. Resurfacing work is expected to get under way in about a month, Mr. Caldwell said.

Before the asphalt could be obtained, a map of Marion, specifically designating the streets needing repair, and their traffic counts had to be prepared at the office of Tom S. Cathers, city engineer. This map, along with the regular application form for resurfacing material, was sent to the division engineer's office of the state highway department in Delaware. From there, the application was forwarded to the state departmental office in Columbus. The acquisition procedure was not completed there, for the state office had to contact a federal representative of the roads administration.

He, in turn, presented the application to the national roads organization. The form and map were studied there after which the allotment certificate was granted to Marion.

Mr. Cathers believes that only resurfacing treatment will be required on most of the 50 streets to be fixed. After contracts for the work has been awarded and labor acquired, he expects the entire project to last for about three weeks.

Mr. Caldwell added that no oiling of dirt roads in the city would be done this year for oil is no longer on the market for such extensive usage. He also said that his belief is that this year will be the last for the duration that resurfacing work on city streets may done on a large scale.

The certificate granting the asphalt is valid until Dec. 31 of this year. If the material is not used by then, it may never be afterward used for street resurfacing. If the city wishes the work to be done after that, a new application will have to be submitted.

GIRAUD ARRIVES IN WASHINGTON. Gen. in hand, Gen. Henri Honore Giraud, commander of French forces in North Africa and co-chairman of the French Committee for National Liberation, marches down the steps leading from the plane which brought him to Washington. He is followed by his staff to be welcomed by Adm. William D. Leahy and many ranking U. S. officers.

JUDGES SET HEARING IN ASSOCIATED PRESS SUIT

Justice Department Asks Judgment Without Hearing.

By The Associated Press

NEW YORK, July 8—A three-judge United States district court scheduled for hearing today arguments on the government's plea for a summary judgment in its anti-trust suit against The Associated Press.

The government seeks a decision without trial based on documentary presentation. This presentation is contained in 25 printed volumes and three typewritten volumes with various exhibits offered by both sides.

It is the government's contention that there are "no material facts uncontroverted," making the taking of testimony unnecessary.

The Associated Press has countered with the claim there are many issues in controversy that have been challenged and therefore it is not a case to be tried by summary judgment.

The government, in its suit, charged The Associated Press operated as a monopoly by not making its news report available to all newspapers wishing to pay a proportionate share of the cost of operations.

The court is asked to force The Associated Press to open the news report to all papers.

STORM

(Continued from Page 1)

had drained a 3,000,000-gallon reservoir only yesterday, residents were left with a 1,000,000-gallon supply in another reservoir, he said.

City authorities notified residents that their water would be shut off temporarily and cautioned them to boil water obtained from other sources. Blankenship said about 36 hours would be needed to repair the break.

Meanwhile, the state health department made preparations to immunize against typhoid fever those residents of inundated areas near Steubenville.

Dream Girl Joins Navy

BATON ROUGE, La.—Men of the 85th bombing group at nearby Harding Field Army air base have court martialed their blonde and beautiful "sweetheart" because she married a Navy ensign.

Their dream girl, Phyllis Beadle of Glendale, Calif., had been elected despite the distance prevailing between the west coast and Louisiana. And if it hadn't been for the society column of a California paper the Harding Field bunch might never have known of Phyllis' marriage.

A local committee is now making preparations for selection of another sweetheart. The boys say the new one will be a Baton Rouge girl and that if she sees them often enough, "she won't have time to get mixed up with the Navy."

New Mexico's state motto, "Crescit Eundo" (It Grows as It Goes), was adopted by legislative act on Sept. 9, 1850.

One million cork oak trees are needed in California to produce the 15,000 tons of cork a year required on the Pacific coast.

Former Marion Couple Write of Work in China

From Yuhsien, Hunan, China, another letter from Rev. [illegible] Overmyer and his family, former pastor of Oakland Evangelical church, the Overmyers went to China in the fall of [illegible] at that time they promised to keep in touch with friends in Marion. From time to time letters have been received here telling the couple described conditions and their new home. This latest letter received here is a mimeographed copy of a letter, dated May 10, 1943, and was mailed from friends in Toronto.

Yuhsien is a "county seat" located about 125 miles south and a little east of the capital, Changsha, in a river valley.

Rev. and Mrs. Overmyer are the first missionary family to be located there since 1927 and they are the only missionaries on the station—their nearest neighboring station is Liling, 60 miles away, a two-day journey.

"Trips to outstations," they say in the letter," are made largely by bicycle, with baggage loaded in front basket and on rear carrier. Many of the roads are narrow paths, and the rate of travel is slow. Wet weather means walking. From what we have heard we judge that many of you are learning the joys of walking these days."

They tell of a new church that is to be built in the county in the summer and of the organization of a English-Chinese Bible class. Literature is hard to obtain, they say, and they are waiting eagerly for the arrival of New Testaments which have been ordered for some time.

They close by saying that they have received word of many friends and acquaintances who have gone into service. They added this postscript: "Airmail letters are still coming through — from some of you."

Golden Rule Class Meets at Home in Green Camp

Special to The Star

GREEN CAMP—Mr. and Mrs. Joe Lyon entertained members of the Golden Rule class Monday. Warren Hedges led devotions. Mrs. Ruth Ann Lyon was in charge. Miss Althea Ballinger sang two vocal numbers. She was accompanied by Miss Geraldine Shroats. Plans were completed for the class picnic to be held with Mr. and Mrs. Dwight Hedges July 16. Rev. and Mrs. T. A. Ballinger and Miss Althea Ballinger were guests.

NAVY TAKES PLANE TOLL

By The Associated Press

LONDON, July 8 — British naval and merchant ships and aircraft of the fleet air arm have shot down a total of 1,004 axis planes in the past three and a quarter years, the admiralty announced today. In addition the royal and merchant navies probably destroyed an additional 321 planes and damaged 593, the announcement said.

NEW BATTLE GROUND. Long John Jr., Ute Indian construction worker at the big Geneva steel works being built near Provo, Utah, looks over the area where his forebears engaged Mormon pioneers in battle in 1849.

BOARD ASKS TAX LEVY FOR BUCYRUS PARK FUNDS

Chairman Lays Proposal Before City Council.

Special to The Star

BUCYRUS, July 8—The Bucyrus city council heard a proposal of a city tax levy for the improvement and development of Aumiller park when Rowland R. Peters, chairman of the city park board asked that council give such a proposal study before the November election.

City Auditor E. C. Oppenlander indorsed the proposal and advised council that no additional money was available for development of the park from the general fund. Only $1,000 was made available for park development this year.

A half mill levy outside the 10 mill limitation would supply approximately $7,000 for a special improvement program over a period of from five to ten years, which would be ample to advance a complete program, Peters pointed out. The most pressing need this year is for permanent bleachers, he emphasized.

Receipts at the Bucyrus swimming pool, in spite of the two weeks delay caused by rainy weather which hampered the painting of the pool, reached $1,559 up to June 30, Carl Light, city council park chairman reported.

Sewer Problem Studied at Upper Sandusky

UPPER SANDUSKY, July 8—The need for an adequate storm water sewer system in Upper Sandusky was being studied today by the sewer committee of the city council as complaints of flooded cellars from all sections of town swamped the councilmen and city hall phones.

Council president C. M. Beaston, said the city is faced with the necessity of having a bond issue to take care of the storm water problem and Street Commissioner George Hehr explained that the trouble is due to the turning of the water from the streets into sanitary sewers, which are in most cases barely large enough to take care of the sanitation.

GALION—Mr. and Mrs. H. O. Whiteley are the parents of a son born Wednesday in City hospital.

SUB SCHOOL GRAD. David Fong is the first Chinese youth to be graduated from the U. S. Navy's submarine school. When presented with a watch by citizens of New York's Chinatown, Fong said he picked the subs as the best chance for a quick rap at the Japanese.

Hardin County Red Cross To Fill Large Order

Special to The Star

KENTON, O., July 8 — The Hardin county Red Cross chapter today accepted responsibility for making and filling 432 service men's kit bags—the largest order of them received to date. Mrs. Clara Stewart, chapter secretary, said organizations in Kenton, Dola and Dunkirk will fashion the bags which will be filled by the voluntary donations of Hardin county citizens. They are to be distributed at ports of embarkation to men of the Army and Navy.

SALES TAX YIELD IN COUNTY SHOWS GAIN

Figures for Other Counties in District Also Listed.

Sales of prepaid tax receipts in Marion county for the week ended June 19 amounted to $8,111.48, a gain of 7.9 per cent over last year's collection for the similar period, $7,430.48. Collections to date stood at $171,606.57 compared with $158,579.84 last year.

Greatest strength shown thus far this year in the state was reflected in the sale of the tax receipts during the week ended June 19, which hit a high of $1,230,501.09 as against $1,076,429.51, or a net gain of $153,871.58 over the like period of 1942, the office of Don H. Ebright, treasurer of state, reported.

Collections in counties around Marion for the week ended June 19 and for collections to date, with those for last year in parentheses, included:

Crawford, week ended June 19, $3,807.26 ($4,094.74); collections to date, $94,446.17 ($88,110.99).

Delaware, week ended June 19, $2,017.32 ($2,439.82); collections to date, $46,299.33 ($47,018.21).

Hardin, week ended June 19, $2,862.88 ($2,619.94); collections to date $57,442.32 ($55,534.83.)

Morrow, week ended June 19, $519.37 ($525.14); collections to date, $12,265.57 ($14,357.62).

Union, week ended June 19, $1,614.43 ($1,616.88); collections to date, $31,493.50 ($33,290.37).

Wyandot, week ended June 19, $2,280.39 ($1,797.35); collections to date, $38,416.67 ($38,915.77).

Strike Halts Output of Weapons for Army

By The Associated Press

SAGINAW, Mich., July 8—Production of guns for the Army in a General Motors plant here ceased today in the course of a labor dispute and leaders of the United Automobile Workers (CIO) urged the government to take over plant operations.

Several thousand production workers were made idle because of a walkout of tool makers at GM's Saginaw steering gear division, a company spokesman said.

The tool makers were reported to have acted in sympathy with tool sharpeners who have stayed away from work in a dispute over establishment of a "swing shift" in their department.

PENSION MEETING

The Marion County Old Age Penson Society will hold a business and program meeting Friday at 2 p. m. in the Central Labor Union hall. Open house will be observed and the guest speaker will be Rev. D. E. Howard, pastor of the First Wesleyan Methodist tabernacle on Silver street. The Old Age Pension choir will present vocal and instrumental numbers and there will be readings, solos, duet and quartet numbers. The membership drive is being continued, the officers announce.

BATTLE TRAINING. While spectators watch from the bottom of a ravine, Canadian soldiers at a battle training school in England practice on a rope bridge.

Y's Men's Club Hears County Farm Agent

Arthur H. Smith, county agriculture agent, was guest speaker at a meeting of the Y's Men's Service club last evening at the Y.M.C.A.

Mr. Smith said, "In each national crisis, from the Continental Congress on, we as a people have made many plans and our national progress is a monument to the careful planning of those who had a vision in the past."

He discussed farm problems and compared those of years ago with the present problems. A discussion period was held following the talk. Don Williamson was chairman.

EDISON—Mr. and Mrs. Harley McClenathan of McConnelsville gave a chalk talk on "Sowing the Seed" at the Edison S. S. Sunday morning.

GALION—A son was born Wednesday to Mr. and Mrs. Emerald Stults.

CLEVELAND WINS

By The Associated Press

CLEVELAND, July 8—Mickey Rocco's three doubles and Manager Lou Boudreau's pair of two-baggers gave the Cleveland Indians a 5 to 2 triumph over the Washington Senators and Pitcher Ewald Pyle in a lunch-hour series opener today before 3,681 paying customers—many of them war workers. The Tribe's Allie Reynolds limited the Nats to seven hits.

Help Yourself, Girls

By The Associated Press

KANSAS CITY, Kan. — It's the custom at North American's bomber plant for a fellow to pass cigars to the men and candy to the women in the plant when he gets married. C. F. Perrey passed the cigars but couldn't find any candy. So he just passed around a box of nickels for the women. They can buy their candy if and where they come across some.

GALION—Mr. and Mrs. Kenneth Foos of Caledonia are parents of a son born Tuesday night in City hospital.

MONTHLY CHEST CLINIC IS HELD AT HOSPITAL

37 Persons Examined by Delaware Specialist.

The monthly chest clinic of the Marion County Anti-Tuberculosis association was conducted Wednesday at the Marion City hospital by Dr. Henry Bachmann of Delaware, clinician, with the cooperation of the county health office.

Twenty-seven persons were examined during the afternoon and one positive case was reported. Sixteen persons had contact cases and there were four suspects. Two arrested cases of tuberculosis were found and five childhood quiescent types were discovered.

The clinic will be held monthly and the next examination is scheduled for July 28. Officials state that persons desiring an examination must have a reference from their own physician. The treatment prescribed by Dr. Bachmann will then be given by the personal physician.

The association stresses the fact that early diagnosis and treatment is important for a cure. During the last year a total of 14 clinics have been held and 413 patients examined. Of this amount 38 active cases of tuberculosis were found.

Two City Softball League Teams Finish First Half of Season with Perfect Records

Huber, in Industrial Loop, and Epworth in Church Circuit Go Into Last Stanza Without a Loss; Millisor Takes Pitching Honors.

By CHARLES ELLIOTT

Only two city softball teams boast undefeated records as the 1942 season enters the second half with ten games [illegible] Commercial play. The two [illegible] Industrial League leader, and Epworth [illegible] current leader of that [illegible] Sunday School league, with six [illegible] victories.

Of the six times which [illegible] league competition [illegible] Industrial-Commercial [illegible] were posted against [illegible] Epworth [illegible] loss.

Cross-town [illegible] first place [illegible] the Industrial [illegible] league with one [illegible] to Huber. If the [illegible] is the only other Commercial [illegible] team. The Wade Dodgers [illegible] were whipped by the Cubs [illegible] 21 to 6 last Thursday. [illegible] more games will be played between the two Commercial teams on Aug. 5.

Huber Leads Pitchers

Harold "Pat" Millisor of Huber holds the number one pitching record in all three leagues with six wins and no defeats. Millisor has been on the mound for each of Huber's games this season. He also turned the best single game pitching performance in the first half of the season with a one hit shut out win over the Wade Dodgers Tuesday night. Cozie Weiler, lefthanded Cubs commander, and Paul Sykes, General Excavator hurler, are tied with the second best records among Industrial-Commercial pitchers with three wins and one defeat each. Bill Everly, work horse of the Universal Cooler team, is in third position with four wins and two setbacks.

Millisor also leads all city softball moundsmen with the lowest number of runs, earned or unearned, allowed during the initial half of the regular season. Enemy runners have tallied only 16 runs in six games off him thus far.

Bob Virden, 16-year-old Epworth Methodist pitcher, is the cream of the mound crop in the Sabbath league at the present time, with four wins and no defeats. Virden, also a Harding High school baseballer this spring, turned in the most impressive [illegible] game of all. Going [illegible] for the first half of the season, he [illegible] Greenwood 8 to 1 [illegible] Virden also [illegible] [illegible] victories to his credit, [illegible] against Greenwood, 6 to 1, and one against St. Mary 7 to 3. Three runless innings [illegible] Virden in the [illegible] game in the matter of [illegible] to opposing batters.

Smart [illegible] Cubs [illegible] crafty southpaw at [illegible] mound, registered [illegible] Virden in the [illegible] and with a 1000 percentage [illegible] batting average of two [illegible] two hits.

Donaugh Started Well

Mystery among Sunday [illegible] softballers centers around the [illegible] of Malcolm Donaugh, Greenwood pitcher. Donaugh started the season auspiciously with a 17 to 0 defeat of Presbyterian. However since then he has been beaten four consecutive times. He was [illegible] Sunday School [illegible] Presbyterian, having toed the [illegible] Greenwood team last year.

The first half of the 1942 season was considered successful by softball officials in that only one forfeited game was marked down in the record books. That was a 9 to 0 presentation of Presbyterian to St. Mary on June 7, the second night of the Sabbath playing. A game would have been forfeited to Greenwood by the Presbyterians on June 14 had it not been for the sportsmanship of Roy Bowers, Greenwood manager. He refused to accept the automatic win, stating that his boys would rather play ball and lose than win without even lifting a bat.

The entire first half of the year was highlighted by unusually high scores in practically every game in each league. Such formerly considered big marks as 10 to 7 and 9 to 8 are low figures, indeed, for this year's softballers and their wild playing tactics. Biggest score was run up by Epworth Methodists Monday night when they defeated Presbyterian, 24 to 9. Tightest tilt in watch basketball figures were chalked up was the record St. Mary-Presbyterian game of June 30. The final score of that game, after it had gone into extra innings, was 21 to 20 in favor of St. Mary.

The Industrial-Commercial season is scheduled to end this year

SPORTS — THE MARION STAR

Newcomers To the All-Star Game

Associated Press Features

WHEN [illegible] major loops clash [illegible] for fans at Philadelphia, July 13, there [illegible] 25 National Leaguers, [illegible] Manager Billy Southworth, participate in [illegible] All-Star game. The newcomers include six of the world champion Cardinals: Max Lanier, Howie Pollet, Whitey Kurowski, Stan Musial, Harry Walker and Mart. Marion; two Pirates: Vince DiMaggio and Truett (Rip) Sewell; Babe Dahlgren, Phillies; Dixie Walker, Dodgers, and Al Javery, Braves.

Cleveland Plays First Morning Game Today

By The Associated Press

CLEVELAND, July 8—For the first time, the Cleveland Indians venture into morning baseball today, meeting the Washington Senators in the opener of a [illegible] game series.

Manager Lou Boudreau indicated the experiment was undertaken as an accommodation for war workers, and might be repeated if attendance proves its value.

The Indians were idle yesterday, when weather postponed a series [illegible] with the Philadelphia Athletics.

Pete Center, 27-year-old Cleveland relief hurler, said he had been reclassified by his draft board into 1-A. From Hazel Green, Ky., Center pitched last year for Baltimore of the International league and has a record of five victory and two defeats with the Indians this season.

Bargain Bill Today at North Randall Track

By The Associated Press

CLEVELAND, July 8—Grand circuit racing at North Randall will be a bargain all day with part of yesterday's card [illegible] because of a weather-[illegible] postponement.

Included in the delayed program will be the third heats of the $2,600 natural pacing stake, halted yesterday after Indiana-bred Attorney won the first heat in 2.10¾.

Today's scheduled feature is the $3,000 Hanman cup stake for juvenile trotters, highlight of a regulation five-race program.

SNATCHES OF SPORTS

By HUGH FULLERTON, JR.
Associated Press Sports Writer

NEW YORK, July 8—By way of giving ball players credit for everything, the International league plans to institute a separate set of statistics this season covering performances during innings wiped out of the regular record by rain, curfews or other acts of providence or the dimout. Pointing out that the rules once gave credit only for the number of bases to bring in the winning run when a player broke up a game with a homer, Jigger Hubert Emile Lanigan asks why not give them credit for these odd fragments of innings, too?

• • •

Today's Guest Star — Al Buck, New York Post: "Smart baseball executives wonder, in their idle moments, if Dizzy Dean broadcasting from Sportsmans park has not become a bigger attraction than the Browns. There is no doubt that when Diz first started he interested women in the game and brought them to the ball park. Now people may find Dean's mouthy reports more interesting than the Browns themselves."

• • •

Sound Platform—Ben Kilgore candidate for nomination as governor of Kentucky, ought to win a lot of votes on his "plank" boosting foxhunting. "In view of the increased importance of scouting in modern Pacific warfare," says Kilgore, "the success which our troops have had may be attributed largely to superior scouting. There is no better school for scouting than foxhunting, and a large percentage of our Kentucky boys are past-masters in the hunting field, and they constitute a large percentage of the troops now in that area." Wonder what the coon hunters will have to say about that?

• • •

Unanswered Question — The Dodgers have scheduled a "waste fat day" (and no cracks about the fat waists some of them are sporting) for Saturday, but what'll they do if the customers insist on delivering the waste, can and all, in the general direction of any players who may displease them?

St. Paul Takes Another Heavy Blasting, 18 to 1

By The Associated Press

The St. Paul Saints own the dubious distinction of being the mostly hard-beaten team in the American association this season.

On May 2 they took a 24 to 3 [illegible] from Milwaukee and on May 8 they fell before the Brewers again, 20 to 0. Last night the Saints absorbed an 18 to 1 pounding from the Indianapolis Indians. Indianapolis also defeated St. Paul in the second contest, 5 to 4, for a sweep of the twin bill, and crept back within a game of the idle leading Milwaukee club.

The seventh place Louisville Colonels whipped out a pair of one-run decisions over the amorous, fourth-place Minneapolis Millers, 5 to 4 and 1 to 0.

HONEYMOON IS OVER, SENATORS SKID INTO FOURTH POSITION

Tigers and White Sox Take Advantage of Washington's Slump.

By JUDSON BAILEY
Associated Press Sports Writer

The honeymoon seems to be over for the Washington Senators.

Before the start of the [illegible] readers in the Picture of [illegible] Washington [illegible] and a winning team and was in a virtual tie with the New York Yankees for first place in the American league.

Today the Senators are in fourth place as the result of losing [illegible] of their last six games and even tonight they are only a single percentage point out of third place [illegible] the land are not so gay.

The Senators' present plight may be traced to weaknesses that were apparent even before the club collapsed on its current western trip. They had a problem at third base that was [illegible] Manager Ossie Bluege is desperately [illegible] Detroit Tigers at the [illegible] time.

Add [illegible] an infield [illegible] Early, [illegible] and [illegible] results in the [illegible] not [illegible] been at all [illegible] to solve [illegible] Outfield [illegible] has been [illegible] and [illegible] play spotty.

Whenever the Detroit Tigers and Chicago White Sox have taken advantage of the Senators' slump to pull off two of the famous rallies of the season in the American league. The Tigers, who [illegible] set into second place yesterday by beating Washington 9-1, have won nine of their last 11 games and the Sox have won eight of 10.

The White Sox moved out the Boston Red Sox 3-2 when Wally Moses stole home with the bases loaded and two out in the 14th inning.

New York's Yankees completed a sweep of their four-game series at St. Louis as Steve Chandler shut out the Browns 2-0 on six hits.

The only other teams to get into action yesterday were Cincinnati and Boston in the National League. They divided a doubleheader. The Reds won the first game 5-1 and lost the second 4-2.

Marion Race Backers Helped Keep Sport Alive in Ohio

Enlargement and Successful Conclusion of Marion Program in War-Time Due Round of Applause.

By LOREN W. TIBBALS
Sports Editor of The Star

Now that the [illegible] harness racing [illegible] and [illegible] the [illegible] [illegible] the [illegible] Mar [illegible] country [illegible] back to the [illegible] a North Randall [illegible] Celebration [illegible] time [illegible] [illegible] a [illegible] of applause for the [illegible] promoters [illegible] Marion's [illegible] to the Grand Circuit [illegible] Management Fred [illegible] Farmer and the Marion Trotting association.

Willie Fuller was for the last seven or more years [illegible] chairman of both the [illegible] and county fair harness [illegible] [illegible] been [illegible] by a [illegible] of [illegible] workers. The entire success of the meeting resulted from the [illegible] efforts of Fuller, but [illegible] as members of the [illegible] Board of the Marion City [illegible] and a group of harness [illegible] [illegible] and [illegible] with [illegible] [illegible] all [illegible] [illegible] to make the Marion [illegible] a success.

At a time when many [illegible] racing [illegible] in Ohio [illegible] [illegible] and [illegible] the east [illegible] are [illegible] plans for discontinuing the sport for the duration of the war, Fuller and the association [illegible] [illegible] with caution in planning a bigger [illegible] ever [illegible] for Marion.

That decision was one of the principal factors prompting the United States Trotting association to transfer many of the outstanding harness stakes to Ohio tracks. Up until this year most of the events were featured at eastern tracks.

Instead of the usual two-harness program staged here, the Marion Trotting association at the insistance of Fuller voted to put on a three-card meeting. This action gave Marion its longest meeting of all time and was responsible to a great extent for the decision of several other Ohio groups to go ahead with plans for summer racing meets. But while the Marion group's decision reacted like a shot in the arm at other racing centers, none of the other Ohio promoters who decided to go ahead with racing plans took it upon themselves to enlarge their usual training and pacing schedules.

And while the Marion action awoke Ohio racemen to the possibilities offered by the eastern transportation restrictions, it also stirred up western owners to the fact good racing would go off as [illegible] not in the east, but in Ohio [illegible] other midwest states.

Thus the Marion organization [illegible] the season of big time pacing to the tune of [illegible] Ohio [illegible] dollars.

* * *

The Marion meet is seen as a bigger success each day since the end of the 10-day meeting late last night. Throughout the meeting [illegible] ranging from [illegible] to 200 and upwards [illegible] the grandstand to see the sensational [illegible] card. But even at North Randall, where all of the stakes were campaigned, there was a goodly number of other outstanding horses are in action. The grooms have been about the same, except for the Monday session when 5,000 fans jammed into the Randall [illegible] Randall's only [illegible] is the edge over the fact it meets [illegible] opposition [illegible] the [illegible] [illegible] But even [illegible] $4,000 [illegible] in 15 [illegible] under the arc here was a record for the Marion track.

* * *

And while credit for the success of the meeting is being passed out to the deserving, the officials of Marion and county board are not overlooking Selective Service Director Clyde C. Coffee, for one of the men behind the Hotel Manufacturing Co. [illegible] of a tractor the Marion Water Co. for water used on the track, the Marion-Reserve Power Co. for efficient lighting and others who contributed to the success of Marion's [illegible] Grand Circuit races.

COUNT VON LEHMAN

trolled mat events here for the last several months.

Expected to produce about as much excitement as the main-go is the one hour semi-final squabble in which Lipscomb and Kasnoski swap holds. These two have never been matched together in Marion but both have appeared here frequently and therefore are well known to local fans.

Equally important is the scheduled clash of Count Von Lehman and Knox. Carl the Count made his first appearance here less than two months ago just after completing a long tour in the west. The local engagement was made between stops on a cross-country hop from San Francisco to New York, where he was scheduled for a short series of fights.

After completing this contract he returned to Ohio and expects to appear regularly on mat cards throughout northern and central Ohio.

The half-hour preliminary is slated to start at 8:30.

Virgil Case Takes Top Place in Palace Bowling

Rolls 773 to Topple Snyder from High Rung.

Virgil Case turned on the steam Tuesday night to dislodge Maynard Snyder from his accustomed first place niche for the past three sessions of the weekly Palace Recreation singles bowling classics. Case rolled a four game series of 773 to finish far ahead of a 12 man field.

F. Messmore racked up a 746 series to place second. Snyder could do no better than finish in a tie for third spot at 728 with F. Putman and L. Johnson. Other scores made at the Palace Tuesday night included: F. Cass 684, M. Pinkerman 683, D. Anderson 661, T. Chapman 607, L. Van Horn 655, R. Maag 570, and C. Phillians 642.

Putman turned in the highest single mark with 226. Only three other games over 200 were posted. They were Pinkerman's 203, Case's 203, and Messmore's 200.

Former Galion Coach Now Captain in Army

Special to The Star

GALION, July 8—Robert M. Corry of Galion has been promoted to the rank of captain at Fort Knox, Ky., Galion friends learned Wednesday. He is a former Galion High school athletic coach and before he entered the Army last September was sales manager of the Gledhill Road Machinery company. He entered the Army with a heavy maintenance company from the Ohio Highway department and served at Aberdeen Proving Ground, Md., Camp Perry, Ohio, and has been at Fort Knox several months. His wife and son are with him in Louisville.

FORMER GALION MAN DEAN AT NOTRE DAME

Lawrence Baldinger Gets New Science Post.

Special to The Star

GALION, July 8—A Galion boy, Lawrence Baldinger, Ph. D., has been named dean of science at Notre Dame University, South Bend, Ind., it was learned here this week when a newspaper report was sent to Fred Barr, Galion druggist, with whom Prof. Baldinger worked while furthering his education.

The new dean is a son of E. N. Baldinger of Galion. He was graduated from Galion High school in 1924, and from Western Reserve university, Cleveland. He holds masters degree in science and doctor of philosophy degree from Notre Dame and has done social graduate work at Wisconsin and Purdue universities and at the University of Chicago. He is a fellow of the American Association for the Advancement of Science, a member of the American Chemical society, the American Pharmaceutical society and other learned societies. He has been a member of the Notre Dame faculty since 1933, and for the last two semesters at Notre Dame he has been acting dean of the college of science. He succeeds Prof. Henry B. Roning, who retired.

SOFTBALL

(Continued from Page 16)

on Aug. 10 with three games, evenly divided among the three city ball diamonds now in operation. Commercial Steel will meet General Excavator at McKinley, Waldo will play Huber at Lincoln, and Coca-Cola will play Universal Cooler at Garfield park on that date. The last contest promises to be one of the season's hottest clashes for Coke and Universal met in a hard fought game that opened the season on June 1. Coca-Cola won that game, 3 to 1 behind the effective hurling of Coxie Weiss.

Finis to the season for Sunday School league teams is on tap for Aug. 16. Presbyterian will tangle with Epworth and St. Mary will play Greenwood at that time. The first encounter is scheduled for McKinley park while the second game is tentatively set for the Garfield diamond.

The city softball commission decided earlier in the year not to schedule any Little World Series at the end of this season. Instead, after the loop races have been completed, all organized city softball teams that wish to, may enter a free-for-all tournament. Final plans for the tourney will be worked out later by the softball commission.

Following are the records of all pitchers who tossed in city softball loop games during the first half of the year. The won and lost record, together with the individual percentage and number of runs each pitcher has allowed, is listed.

If You Can't Win It, Steal It, Sox Always Say

By The Associated Press

CHICAGO, July 8 — If bats won't break up a ball game, use four feet. That is the policy with Chicago's White Sox who are running wild on the bases and getting away with it.

They did it again yesterday—a cute steal of home in the 14th inning by Wally Moses with two out and the bases loaded—to continue their dazzling dash up the American league ladder.

Just 17 days ago the harum-scarum Hose were tied for last place. Today they are in third, four games behind New York's pace-setting Yankees. Tonight they get around to the Yankees, in the first of a five game series. Victory would be the 11th in their last 13 games.

Yesterday's stolen base, which brought a 3 to 2 win over Boston, was the 72nd of the season for the fidgety-footed Sox whose only rivals in this matter are Washington's Senators and their George Case. It was the third time this year the Sox had stolen their way home and the second times Moses has accomplished the trick.

REDS HOPE FOR BETTER LUCK IN PHILADELPHIA

Cincinnati Finds Little Hospitality in East.

PHILADELPHIA, July 8—Still getting nowhere at an incredible pace, the Cincinnati Reds move in here today to see if the Phillies are as inhospitable as the rest of the National league's seaboard teams.

There's a doubleheader, with Johnny Vander Meer and either Clyde Shoun or Ed Heusser pitching for the Reds and Si Johnson and either Newt Kimball or Charlie Fuchs for the Phils.

Yesterday's split with the Braves in Boston gave the Reds four won, eight lost for the eastern trip so far.

After Elmer Riddle had buttoned down the Braves opener, 5 to 1, Bucky Walters ran into his usual 1943 luck and dropped the nightcap, 4 to 2.

Riddle gave up the only run in the final inning as he worked for his tenth victory of the year. The Reds tied it up in the second inning on singles by Eddie Miller and Steve Mesner, some baseball interference, and a fly. They sewed the game up in the third with three unearned runs on two errors, a wild pitch, two singles, and Mesner's double.

Farmers

You CAN Get Tractor Tires So Get GOODYEAR SURE-GRIPS

You must produce more food—to help win the war! That's a big, important job. To do it, you must keep your tractor producing. And it will do the best job on the HARD-EST-WORKING tractor tires — Goodyear Sure-Grips.

The Sure-Grip OPEN CENTER tread cleans itself as it works — has more traction. Rolls smoother, too, with less jerks.

If your present tires need replacing, see us. We'll have them inspected, and help you with your Ration Board application, without charge or obligation. Come see us without delay.

SEABEE RECRUITER TO VISIT HERE WEEKLY

Good Response in Marion Area Results in New Schedule.

Lt. W. R. Norton, instruction officer in charge of Seabee recruiting at the Navy's Toledo recruiting station, announced at the Marion-Reserve Power Co. building on South Main street each Monday from 12:30 to 5:30 p. m. Chief John J. Duffy will be in charge of operation, announced today.

Lt. Norton has visited the local station at regular intervals since recent months and a number of exceptionally good results in this area will be here each week to interview prospective Seabee enlistees. Men between 17 and 50½ are eligible for this division of the Navy and a large number of ratings are available to men skilled in various building trades and in allied trades.

In connection with this announcement, Chief Duffy reported that interest in the WAVES among women of the Marion area has increased greatly. In the last few months the call of increasing number of young women are visiting the station to obtain applications for enlisting.

There is an increasing demand in this branch, he said, for hospital corps workers. Women, preferably those with nursing training, between the ages of 20 and 36 are invited to the recruiting station to obtain the new booklet "Enlist in the WAVES, Serve in the Hospital Corps."

• • •

20 in Marion Area Enlist in Navy

In the last month 20 youths in the 17 year old age bracket from Marion area have enlisted in the Navy through the Marion recruiting office. They are Bernard Paul Wisler of Galion, John Otto McPeek of Bucyrus, Dale Albert Vogel of Bucyrus, Elmer Charles Stansberry of 336 Silver street, Theodore Westley Long of 795½ Oak Grove avenue, Dorris Milton Boucher of Upper Sandusky, Lester Eugene Wells of Galion, Robert Lewis Porte, of 602 Mount street, Roy Aloysius Haubert of 568 Silver street, Darwin Eugene Foucht of Harpster, John Robert Johnston of 1062 Wilson avenue, Clyde Wesley Ambrose of 223 Pennsylvania avenue, William Robert Shenefield of 148 Fire avenue, Clifford Wilbur Lester of 282 Nye street, Forest Frederick Christian of near Caledonia, Robert Eugene Lucas of Upper Sandusky, Robert Leroy Dennis of Prospect, Lamis Webster Byrd Jr., of Prospect, Donald Jacobs Moyer of near Prospect and James Robert Stalder of Richwood.

Former Carey Seminary Instructor Commissioned

Special to The Star

CAREY, July 8—The Rev. Oscar Tetwiler, O. M. C., former pastor at the Shrine of Our Lady of Consolation and former instructor at Our Lady of Carey Seminary, has been commissioned a first lieutenant in the Army and is attending chaplain's school at Harvard university. He came to Carey in 1934 and remained until 1941 when he became a member of the Franciscan Missionary band. He returned to Carey last summer to conduct many of the retreats for men.

• • •

The Pentecostal Holy Ghost Temple of Evangelism Sunday school met Tuesday with Mrs. L. L. Bradley. Rev. B. J. Lee had charge of the lesson.

• • •

Miss Mary Ellen Grimes who has for the past three months been receiving treatment at Children's hospital, Columbus, has returned home with her parents Mr. and Mrs. Charles Grimes. She returned for a two weeks period to St. Francis' hospital in Columbus where on Aug. 20 she will be a member of the graduating class.

• • •

The marriage of Miss Cecelia Reinhart of Carey and Lewis Shellhamer of Carey was an event of Monday at the Our Lady of Consolation Shrine church in Carey. Rev. Joseph Herp, O. M. C., officiated. Witnesses were Miss Phyllis Reinhart and Dennis Reinhart of Alvada.

WAR CUTS RELIEF BELOW "MINIMUM"

By The Associated Press

COLUMBUS, O., July 8—The war boom has cut Ohio's relief rolls and expenditures below what was believed to be the "irreducible minimum," State Welfare Director Herbert R. Mooney reported today.

Commenting on a report of relief activities during the first half of 1943 in Ohio, Mooney asserted:

"Wartime employment has brought the relief rolls throughout the state far below what officials previously said would be the irreducible minimum for the number of cases receiving assistance."

He said the state's case load average for the first six months of the year was 19,038, a reduction of 32 per cent as compared with the corresponding 1942 period. The current record was 21 per cent below the average case load of 68,000 for the first half of 1941, he added.

The welfare director said estimates for the first half of the year included two complete figures for June but added that early reports indicated the case load for last month would drop to a new 10-year low of approximately 15,400, representing relief payments of $340,000, another new low.

YOUTH ELECTROCUTED

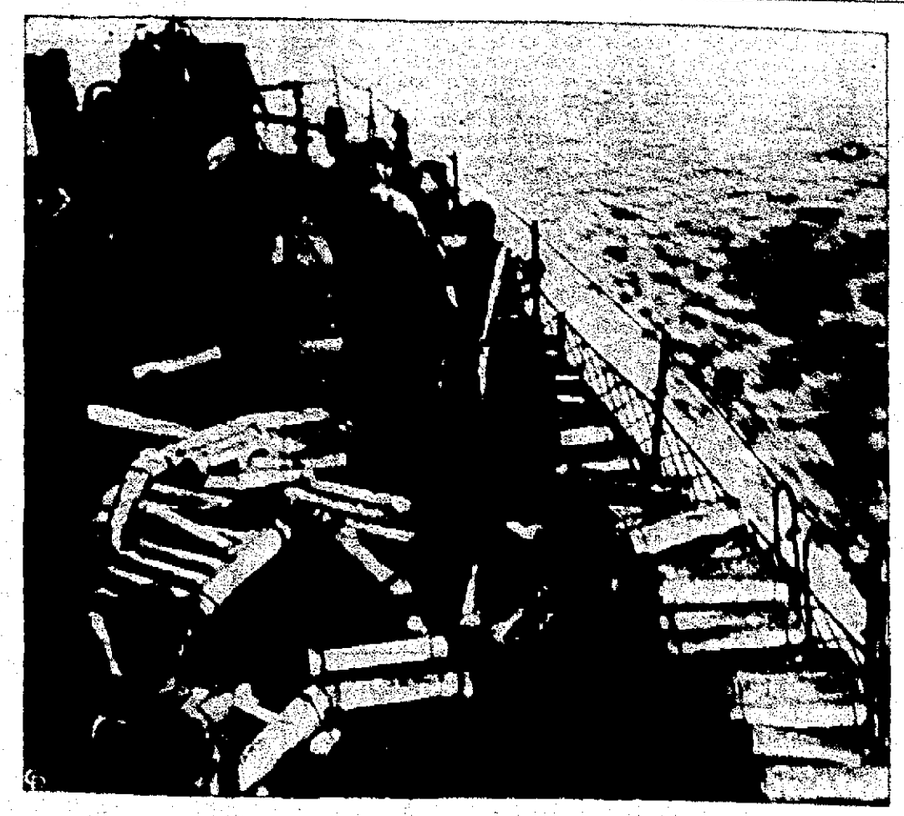
Said Premises Appraised at $7,000.00 (Seven Thousand Dollars) and can not sell for less than two-thirds of the appraised value.

Terms of Sale: Cash on day of sale.

JAMES W. HARRUFF, Sheriff,
Marion County, Ohio.
Walter D. Moore, Attorney.



EMPTY SHELL CASES littering the decks of this American warship tell their story of the destruction spread among Jap installations on Kolombangara and New Georgia islands in the central Solomons in a bombardment by U. S. ships on the night of May 13. Sailors are pictured collecting the empty cases the morning after the attack. New American and Jap naval forces have met in a battle in the same area, ending in a U. S. victory. Official U. S. Navy photo.

GRAINS ERRATIC IN HEAVY TRADE TODAY

By The Associated Press

CHICAGO, July 8 — Grains moved erratically in heavy trade today, responding swiftly to a series of rapid-fire legislative developments on the corn and subsidy situation in Washington. The market was extremely nervous and fluctuations were wide.

Advancing as much as 4 cents in rye during the first two hours, prices broke sharply around midday when the house agricultural committee killed a proposal to lift corn ceilings to $1.40 a bushel, Chicago basis. The downturn halted around yesterday's close and a rally started as commercial interests took to the buying side of wheat.

GALION—A daughter was born at City hospital Wednesday to Mr. and Mrs. Ralph Downs Jr., of Martel.

ROCKEFELLER WAC. Auxiliary Muriel McCormick Hubbard, granddaughter of the late John D. Rockefeller, overhauls a jeep at the Motor Transport School, 4th Wac Training Center in Fort Devens, Mass. She's learning to repair all vehicles, including big trucks. (International).

WITH steadily mounting fury, Allied bombers are hacking at the heart of German industry in the Ruhr. This map shows how the mass raids have been directed at specific industrial targets in a definite pattern. The names of cities shown by chief industries in the map are: 1.—Mannheim; 2.—Huels; 3.—Krefeld; 4.—Duisburg; 5.—Hamborn; 6.—Essen; 7.—Gelsenkirchen; 8.—Bochum; 9.—Dortmund; 10.—Hamm; 11.—Gummersbach; 12.—Wuppertal; 13.—Solingen.

LEADERS LACK RISING POWER

But Specialized Strength Is Cheering Influence in Market Today.

By The Associated Press

NEW YORK, July 8—Specialized strength was a cheering influence for today's stock market although many leaders continued to lack rising stamina.

The good war news from the Pacific was offset to a certain extent as a trend influence by indecisive battles on the Russian front. Many bullish customers still held aloof to await Washington economic developments.

Inflation psychology stiffened somewhat in the wake of the senate vote to lift corn ceilings to $1.40 a bushel and commodity futures pushed up briskly. Bonds were about steady.

Among stocks best marks for 1943 were posted for American Airlines, Pennsylvania-Central Airlines, Pepsi-Cola, Paramount Pictures and preferreds of American Power & Light.

Talk of climbing business after conclusion of the world conflict remained as a spur for the aerial transportation group.

Physician To Decide On Fred Allen's Return

NEW YORK, July 8 — The question of Fred Allen's return to CBS in the fall still lacks an answer. That, according to Fred, will be up to his physician to supply. Fred has been suffering from a particular type of high blood pressure, superinduced by the strain he undergoes to keep the Allen brand of humor up to snuff.

* * *

A sponsor has come forward to take on A. L. Alexander's mediation board of MBS, transferring it from Mondays to Sundays at 3 p. m., to have 45 minutes instead of 30. That means Theodore Granik's American Forum will move from Sundays, where it has broadcast for years, to Tuesday nights at 8, and resume its former hour on the air.

Plan your warm weather wardrobe from Anne Adams Summer Pattern Book! Ten cents more brings you this new book.

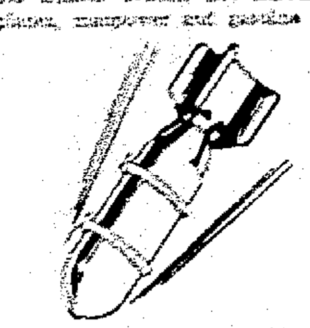
Send your order to The Marion Star, Pattern Department, 243 West 17th St., New York 11, N. Y.

What You Buy With WAR BONDS

Block Busters

We read of 1,000 ton bomb raids on German production centers and thrill to the news that another Nazi war center has been leveled. If most of us would realize the tremendous cost of these raids to the United Nations, we would increase our War Bond purchases.

The cost of the 2,000-ton raid on Dortmund in 1943 alone was nearly 2?? million dollars, not including planes, manpower and gasoline.



Destruction of enemy positions is necessary to defeat our enemy and bring peace to the world. Our part is to provide the material for these raids and invest in War Bonds. "Figure It Out Yourself" and Increase Your Payroll Savings.

U. S. Treasury Department

NEEDLEWORK PATTERN

by Laura Wheeler

Your hours will seem like minutes as you "paint" these realistic garden flowers in easy cross stitch on your choice linens. You couldn't find motifs more perfectly designed for scarfs, towels or lunch cloths. Pattern 639 contains a transfer pattern of 6 motifs; illustration of stitches; list of materials required.

Send 11 cents in coins for this pattern to The Marion Star, Needlecraft Dept., 82 Eighth Avenue, New York, N. Y. Write plainly pattern number, your name and address.
